## Required Paperwork and Fees for High School Athletics

### REQUIRED PAPERWORK

#### 1) UIL-approved medical history/physical examination form

To get a copy of this double-sided form, you can download one from Rank One, scan the QR code to the right, or go to:

<https://www.uiltexas.org/files/athletics/PrePhysFormRvsd2026.pdf>. Before printing the form, complete (type in) the medical history page and the top part of the physical page. Physicals must be dated AFTER May 1, 2026.

#### 2) Online participation forms: <https://katyisd.rankonesport.com/>

All required participation forms will be filled out and/or uploaded online (available in late April). Forms that will be uploaded include:

- a. The medical history/physical examination form
- b. Recent utility bill—The address on your utility bill must match the address on your bona fide residence form. We can only accept electricity, water, or gas bills.
- c. Birth certificate

#### PAPF: Previous Athletic Participation Form

If your child **DID NOT** attend one of our direct feeder junior highs in KISD (intra-district transfer) OR your child is on an inter-district transfer from another school district, please reach out to the head coach of the program your child will be participating in. That coach will initiate a PAPF for your child in the UIL Portal.

If your child is on an intra-district transfer (he/she is zoned to a different high school in the district), the head coach will also need a copy of the email approval for that transfer from the district.

\*Beginning with the 2025-26 school year, athletes who require a PAPF will not be allowed to participate in any athletic competition until the PAPF has been filed and approved by the UIL!\*

### REQUIRED FEES

- 1) Every participant pays a yearly \$50 athletic user fee. See the Checklist on the back for more payment information.
