- Division director reports were provided ahead of the board meeting for review and comment
- Financial updates were provided to the Board by Jackie Lazar. It was explained to the board that there were refunds to some teams based on larger number of players on teams, compared to projected team size and teams playing out of town at facilities that have lower rates. Our treasurer and staff are working on putting together the annual budget.
- The board is looking at having the first installment of registration to open in the beginning of May with second installment by end of July.
- CityView Skating has requested a block of ice for 3-4 hour in March 2023. The board put forward a motion which was carried to sell ice as per their request.
- A request to have the U13 female team put in an application to play in the Sask female league was presented. Inquiries to parents of females in this age group have been made to ensure we would have enough players to make up a team. Based on this, it was anticipated there is enough interest and as such a motion was carried to allow for application.
- AA coach reviews have been completed and coaches selected with upcoming announcement of coaches anticipated in the next couple of weeks
