

HFL-Mendon Youth Baseball Spring House League Age-Eligibility Summary

All players registered in the HFL-M Youth Baseball House League will be placed on a team. There are no cuts for House League teams. The objective of the player evaluation sessions conducted in January/February each year is for coaches to take a look at the players entering a new league so that they can make informed decisions when selecting their teams, ultimately resulting in a competitive House League season. Therefore, we **strongly encourage** any player entering a new league attend that league's evaluation session. Parents will receive an email announcing the date and time of the evaluation session applicable to the league in which a player is registered and that information will be placed on our website (hfmbaseball.org) in January each year.

The **standard** age groups for each HFL-M Youth Baseball league are provided below (all ages as of April 30th):

- T-ball: 5 and 6 year olds
- Intermediate: 7 and 8 year olds
- Minors: 9 and 10 year olds
- Majors: 11 and 12 year olds

The chart below (Group Nos. 1, 2 and 3) summarizes the typical situations that arise each year for players new to the House League and players who played the previous year. Some players want to “play up” to the next older age group league. The chart below (Group Nos. 4 and 5) contains the criteria developed by the HFL-Mendon Youth Baseball Board of Directors that are used to determine whether a player may play up to the next older age group league.
