

Selection Process

The Ontario Volleyball Hall of Fame honours athletes, teams, coaches, officials, and builders who have had a significant impact on volleyball in Ontario. Inductees exemplify the best in the history of the sport in our province.

Selection Process:

- Nominations for induction in the following calendar year are not accepted until June 1.
- Any individual or association may submit a nomination with the following exceptions:
 - A current Member of the Ontario Volleyball Awards Committee may not submit a nomination.
 - A member of the Ontario Volleyball Board of Directors may submit a nomination, but if the Director submits a nomination, she or he may not vote on that nomination if it is brought to the Board of Directors for approval.
- Aside from the Team category, nominations will be accepted for individuals only. Family members or colleagues who worked together closely are eligible for induction within the same year or in subsequent years. However, each nominee will be considered separately on the basis of her or his own individual merit, and if selected will be inducted individually.
- Each nomination is eligible for three (3) consecutive years. If at the end of three (3) consecutive years of eligibility, a nomination has not been selected for induction, the nomination must sit inactive for a period of one (1) year after which the nomination can be resubmitted.
- All nominations will be considered at an Awards Committee meeting. Depending on the outcome of that process, further information on the nomination may be required.
- The final selection process will take place in the winter the names will be released to membership and the public in late spring ahead of OVAations Award Banquet and Hall of Fame.
