

Lady Ducks announce 2026-27 Tier I tryout times, coaches

The Anaheim Lady Ducks, the premier girls' hockey program in the Western United States, are pleased to announce their Tier I coaches and tryout times for the 2026-27 season. **Tier I tryouts will be held on April 17-18 at Great Park Ice and FivePoint Arena. Specific times and rink assignments are listed below with the respective teams.**

The Lady Ducks boast a long track record of team success. The LDs have qualified teams for the Tier I USA Hockey Nationals every season since 2005, including the 19U team in 2026. They also won Tier I CAHA titles at 16U and 19U this past season. A central part of the Lady Ducks' mission is placing players in programs at NCAA Division I and III and ACHA levels, something they do at three times the rate of other girls' programs in USA Hockey. To date, more than 250 girls have moved on to college hockey.

Entering their 27th season, the Lady Ducks have an experienced and well-connected staff dedicated to college prep and annually make multiple trips to well-scouted tournaments in the East and Upper Midwest. The Lady Ducks also hosted the Tier I Nationals in 2019 and the Tier II Nationals in 2023, when 1,300 female athletes from 72 teams competed for titles in their age group at The Rinks. They will host Tier II Nationals again in 2027. Not only are the Lady Ducks the largest program west of the Mississippi River, but the club is highly effective at helping its hard-working student-athletes find a proper fit for their academic goals and athletic competition level.
