# HOW TO MEASURE

All size charts are measured in inches and the dimensions are based on the measurements below. Measurements are one-sided measurements when determining sizes aka just the front of the product vs. the full circumference—no one enjoys getting tangled up in the tape!

**Chest:** Measure across the fullest part of the chest area and keep the measuring tape level from armpit to armpit (about 1" below the armhole).

**Length:** Measure from top of shoulder down to the bottom hem.

**Waist:** Measure from hip-to-hip where your waistband would fall.

**Inseam:** Measure your inseam along the leg, from the crotch seam to the bottom hem.
