Important Message from Game On Fort Worth

Every player will need to check in at the front desk to make sure they have a current Game On membership. Without a current Game On membership, they cannot practice on the courts for their season.

Parents can log in and make an account if they do not have one. They will make the account with their name and information and ADD PLAYER AT THE END.

If a player under 18 tries to make an account themselves, it will not work. The account needs to have a parent/guardian on it. You will set primary facility to Game On Sports Complex.

In order for us to successfully get your player recruited for college, we need you to complete the College Recruiting Questionnaire.

MANDATORY for all 16U - 18U players.

Questions? Info@360Volleyball.com

The fastest and easiest way for players to check in is through the DASH ONLINE app, a free app for your smart phone. They can pull up the profiles and member card and scan it right at the front desk! Takes 2 seconds per player. After parents/players download the free app, they would click member card when they are checking in!
