Springfield IL, 1/13/2022 – SASA Spirits Soccer Club and the Soccer Parenting Association today announce a partnership agreement by which all families associated with SASA Spirits Soccer Club will now receive free access to the educational content on the SoccerParentResourceCenter.com platform.

The Soccer Parent Resource Center seeks to improve and enhance the experience for youth soccer players by engaging and supporting the players' parents on topics related to the Body, Mind, Coach, Parent, Next Level, and the Game as well as providing coach education related to establishing positive relationships with players and parents.

SASA Spirits Soccer Club founded in 1984. Providing a positive youth sporting experience where all children feel inspired, develop important life skills, and establish healthy habits they will take with them for life must be a top priority for all youth sport organizations.

“The investment SASA Spirits Soccer Club is making towards positively affecting the lives of the players and families associated with their club is commendable. We are proud to work with SASA Spirits Soccer Club and are encouraged by their commitment to make a positive impact in their community through sport,” said Skye Eddy, Founder of the Soccer Parenting Association.

“Parent education in youth sports is an important factor in your players development on and off the field. SASA is proud to be partnering with SoccerParenting.com to provide this parent education and resources to SASA members,” said Andrew Lenhardt, Director of Coaching SASA Spirits.
