The Hitting Clinic will cover fundamentals of hitting. A hitter needs to have the basic fundamentals that creates a solid foundation necessary to become a consistent hitter. During the four days our goal is to build a solid foundation by developing and reinforcing the fundamentals then progressing to advance the skill level of each student. The staff at The Dugout is trained to bring out the best in each individual through hitting drills, demonstrations, and "talk about the mental side of hitting". The combination of the physical swing and the mental approach will have every player on the correct path for success!!
