MYFL 100: DUTIES AND CONDUCT

With our stated mission comes a great deal of responsibility on the part of everyone associated with the League. In 2014, the League implemented a 'Zero Tolerance Policy' as described below. All organizations are responsible to assure players, coaches, and parents **within their own organization** acknowledge and abide by this policy. The MYFL regards any poor sportsmanship as unacceptable and completely intolerable.

MYFL 101: ZERO TOLERANCE POLICY

The MYFL functions under the premise that the most important facet of any youth sports program, especially football, is the positive role it can play in the development of each individual participant. It has always been the MYFL's purpose and intent to entrust our youth with coaches that are positive role models, display good moral character and have demonstrated the skills and abilities necessary to effectively and positively impact our youth participants. This also applies to **Parents, Spectators, Game Officials, League Officials, League Volunteers and Organization Representatives**. All are expected to follow this premise at any and all activities relating to the MYFL and/or the Organizations that represent the MYFL.

The below listed provisions, although documented as player specific, can and will be applied uniformly to encompass Coaches, Parents, Spectators, Game Officials, League Officials, League Volunteers and Organization Representatives alike, relative to violation of league sportsmanship policies and subsequent punitive assessments.

MYFL 102: FIELD MANAGEMENT REQUIREMENTS

These guidelines spell out the minimum requirements of each organization hosting MYFL sanctioned games during regular and post season. Failure to meet the expectations of the Field Supervisor will be addressed by the admin panel. We want to ensure that any organization that has an issue with field supervisors be afforded the opportunity to correct the situation, but repeated failures to meet the expectations will be met with a reduction in home games. Decisions by the admin panel on assessing these penalties, when required, are final and non-negotiable. We also recognize difficulties in scheduling and moving games on short notice isn't an optimal situation. Loss of home games penalties will be assessed during playoff weeks in subsequent seasons where appropriate.

1. Be present at the site for the duration of all game(s)
2. Introduce themselves, and any potential delegates to the Referee(s) Example: If you are coaching in Game 3, but you are serving as field supervisor for Game 1 and 2; take time to introduce your field supervisor for game 3 ahead of time.
3. Be readily available to the referee(s) – Notify the Referees how/Where to find you should they require assistance. Typically, positioned near field level or lower stadium.
4. Check in with the referees at half time and between each game as needed.
5. Notify the Referee if they cannot be present, and must appoint a designated representative of the hosting organization to fulfill the field supervisor duties
6. Not assume any coaching responsibilities during field supervision, including any his or her appointee. If you are going to coach a game, another person must be designated as field supervisor while you are fulfilling your responsibilities as a coach or other duty, ie warming up or playing.
7. Remain unbiased when addressing any administrative duties at the request of the Referee.
8. Never attempt to undermine the officiating crew, including fouls called or penalties prescribed by the crew. Any issues with how something is being officiated are best addressed after games with the admin panel.

1st Offense – Documented warning that field supervisor expectations have not been met, including a description of the failure, and what is required to resolve it. We will also then remind the organization that repeated issues will result in loss of home games. The admin panel may elect to send a representative designated by the admin panel to the next home games for that organization to validate a correction has taken place.

2nd Offense – Loss of home games during final two weeks (playoff weeks) of the season, plus the loss of 2 home weekends the following season. ** As scheduling is not complete for the final two weeks until just prior, we have

the capability to move those games during the current season. Most organizations have an opportunity to have one of the two weeks as home games, so would in essence be forfeiting one week in the current season. In the event that the offense takes place during week 8 or 9, the penalty will be loss of 3 home weekends in the following season.

3rd Offense – Loss of all home weekends for an offending organization for the following season. **The organization would be eligible to host limited home games after having zero for a whole season, only after working with the admin panel and providing their plan to meet expectations. The admin panel reserves the right to resume home games for that organization in a limited, probationary fashion to ensure that field management responsibilities are being taken seriously and that corrective action has demonstrated as much.

Example: If an organization is met with a 3rd offense during the 2017 season, they will host 0 home games during the 2018 season as described. However, they would again be eligible to host for the 2019 season only after working with the admin panel to present their plan to meet expectations. In scheduling for the 2019 season, the admin panel may schedule a limited number of home games for that organization in a sort of probationary action to return to normal status.

Any recurrence of failure to meet expectations for field supervisors during the probationary period when an organization is returning to hosting will be treated as a third offense, and hosting privileges will be forfeit for the following season

MYFL 103: COACHING CONDUCT & REQUIREMENTS

All Head Coaches, Assistant Coaches, Member Organization Representatives and League Officials shall adhere to the following rules and requirements:

Requirements:

1. It is mandatory that all teams are represented at the 2 hour “Coaches Clinic” sponsored by the League each year prior to the commencement of the season, Location and time TBD each year.

This fine will be carried over to the next season if the fine has not been paid in that season. If it is carried over that Organization will not be allowed to play any of the scheduled games until the fine has been paid in full.
9. A listing of all Head Coaches, including their contact information, will be made available to the League by all Member Organizations prior to beginning of the season.

Conduct

1. Criticism: is an objective exercise that can motivate one child while making another child feel demeaned. All Coaches need to look at motivational exercises in the context of the individual and make judgments carefully. It is always best to start a coach-player relationship by building mutual trust, respect and affection first.
2. On Field Behavior: It is never acceptable behavior to damage, demean, harass, create the risk of injury or harm, or undermine anyone associated with the activities of the League. Coaches will not criticize the officials, the opposing team, the coaches, or fans by word of mouth or gesture.

3. Officials: Regardless of the situation, Coaches will accept the decisions of Game Officials. Games are not the place to air grievances. Official grievances will be handled at the Organization level, and if necessary the League level.
4. Inappropriate Language: Coaches will not use profane language in any way connected to their duties as coach.
5. Drugs & Alcohol: Coaches will not be on the practice or game field under the influence of drugs or alcohol.
6. Tobacco: Coaches will not use tobacco products of any kind on the practice or game field.
7. Character Building: At every opportunity, Coaches will stress the ideals of good character, fair play, fellowship, citizenship and sportsmanship.
8. Setting an Example: Coaches will constantly be cognizant that their ethics and conduct are a personal example to their players.
9. Video Scouting: As stated in the NSAA rules, no video equipment may be used to record an opponent without the written approval of the opponent, ie scrimmages, practices, or games. In person scouting and note taking is allowed (no video equipment). Trading of game footage is also allowed to prepare for future opponents (ie Hudl, DVD's, etc). Coaches are expected to trade with their next upcoming opponent.

Acts of Disbarment: The following offenses committed by Coaches shall bring about immediate disbarment from League activities and League Fines paid by the Organization represented to the League.

1. Assault: For striking another coach, official, spectator or other participant in League activities.
2. Weight Loss: For using extreme weight loss tactics to assist a player in moving below an official weight grouping.
3. Fraud: For willfully attempting to make eligible a player he knows to be ineligible.
4. Injuries: For sending an injured player back into a game or practice when the Coach understands there is a possibility of compounding the injury.
5. Multiple Ejections: When a Head or Assistant Coach is ejected from an official game more than once in any given season.
6. Fines can be given at the MYFL Boards discretion.

Additional Provisions outside and/or during the Season

1. Recruiting: Any Coach found to be recruiting any player(s) who previously participated with another Organization within the MYFL, and did not go through the proper process to withdraw from their current Organization, may be subject to fine and/or suspension. Organizations need to work together in good faith and mission of the MYFL.
2. Practice: Any set of Coaches conducting practice with their players/participants prior to the league start date of August 1st, may be subject to a fine and/or suspension.
3. Referee's: Any Coach or Player that approaches a Game Official in an unsportsmanlike manner on or off the playing field may receive a fine and/or suspension.
4. Excessive Scoring: Any game ending with a point differential more than 40 points shall invoke a 1 game head coach suspension. This may be appealed to the Administration Board. The Administrative Panel will gather information from all parties to investigate situation.

Additional League Recommendations:

- a. Evaluate all Head and Assistant Coaches on an annual basis by every Member Organization.
- b. Conduct year end surveys, or other method to evaluate your organization and improve the next season.

All Organizations have the right to apply their own internal handling of punitive assessments and/or fines. The Organization responsible to make good on any fines payable to the League, must do so no later than 24 hours prior to the first scheduled game the following week.

1. Coach Warning:

Game Officials may warn a Head or Assistant coach verbally and/or by throwing a flag. The flag may or may not include a 15 yard penalty.

2. Coach Ejection:

Game Officials can eject a coach permanently from a game, without prior warning. Permanent Ejection will remove the coach(es) from participating for the remaining game duration **AND** the teams next scheduled game. This includes postseason play. If the infraction occurs in a postseason game, suspension from the first game of the following season, if the participant is still an active coach. The next scheduled game suspension may be appealed by the organization in writing following the game. The case will be reviewed by the admin panel and Head Referee

with a decision being made by Tuesday of the following week. Please be advised, these suspensions are rarely overturned. We advise organizations to take the opportunity as a teaching moment for the entire team, instead of excessively disputing the situation or call.

This removal includes physically vacating the premises/venue where the game/contest is being held for the remainder of the game day, and will be completed voluntarily by the offending coach. If the offending coach refuses to leave the venue or is contentious during their escort out of the stadium to any other coaches, players, spectators, or fields managers, this will result in permanent league expulsion and forfeiture by that coach's team during the game in progress.

3. Permanent Coach Expulsion:

Any participant that has been ejected from multiple league games, or has committed an egregious act will be sanctioned with an immediate, non-appealable Permanent Coach Expulsion. This action may be imposed regardless of whether the ejections occurred in the same season or over the course of several seasons. Expulsions may be for the remainder of the current season or for life. Ejections shall be used as a teaching moment by all individuals involved.

Game Officials will provide a written report of the players name & number, and/or Coaches (name) involved in the ruling with full details, which is to be submitted to the Head of Referees. The Head of Referees will distribute the reports to the MYFL Board within 48 hours from the start of the scheduled game where the infraction occurred.

MYFL 104: PLAYER CONDUCT

Each Member Organization and their coaches will communicate to all their players that they are also held responsible in understanding a level of conduct that is expected from each. In brief, it is never acceptable behavior to damage, demean, harass, and create the risk of injury or harm, or undermining anyone associated with the activities of their Organization or League. Further, any player who accepts or uses any drugs, including performance enhancing drugs, or alcoholic beverage of any kind may face immediate termination from any further League activities. Any and all players are subject to the 'Zero-Tolerance Policy' provisions.

1. Temporary Player Ejection:

Game Officials may eject a player for any conduct they deem unbecoming of, or unsafe for a league participant. A 'Temporary Ejection' is defined as a one (1) play suspension, with explanation given by the referee to the players Head Coach, and the opposing Head Coach. A second offence to the same player during the same game, will immediately become a 'Permanent Player Ejection' and the definition applies automatically.

2. Permanent Player Ejection:

Game Officials can eject a player permanently from a game, without prior Temporary Ejection or warning. Permanent Ejection will remove the player(s) from participating for the remaining game duration **AND** the teams next scheduled game. This includes postseason play. If the infraction occurs in a postseason game, suspension from the first game of the following season, if the participant is still an active league player. The next scheduled game suspension may be appealed by the head coach in writing to their organization representative following the game. The case will be reviewed by the admin panel and Head Referee with a decision being made by Tuesday of the following week. Please be advised, these suspensions are rarely overturned. We advise coaches to take the opportunity as a teaching moment for the entire team, instead of excessively disputing the situation or call.

Game Officials have full responsibility to define the ejection (Temporary or Permanent) during any preseason, regular season, or post-season contest, and MUST communicate the ruling to both Head Coaches before play continues. Coaches may NOT dispute the ruling during the contest. If a Coach disputes, questions and/or argues the call/ruling/decision; Game Officials will automatically flag the Coach and the Coach is subject to an immediate, automatic, non-appealable ejection from the game. Ejections shall be used as a teaching moment by all individuals involved. Game Officials will provide a written report of the players name & number, and/or Coaches (name) involved in the ruling with full details, which is to be submitted to the Head of Referees. The Head of Referees will distribute the reports to the admin panel within 48 hours from the start of the scheduled game where the infraction occurred.

3. Permanent Player Expulsion:

Any participant that has been ejected from multiple games **MAY** be sanctioned with a 'Permanent Expulsion' from the League. This action may be imposed regardless of whether the ejections occurred in the same season or over the course of several seasons.

MYFL 105: PARENTAL & SPECTATOR CONDUCT

Each Member Organization is responsible in communicating a level of conduct that is necessary from any and all Parents with children participating in League activities, and all spectators. In brief, it is never acceptable behavior to damage, demean, harass, and create the risk of injury or harm, or undermining anyone associated with the activities of the League. Failure to meet the requirements of conduct held by the League may result in parents or their children being barred from any further League activities. Game officials will be allowed to give warning to apply any segment of the 'Zero-Tolerance Policy' for any and all inappropriate levels of conduct by parents and/or spectators to that team's coach. Any further infractions that follow a first warning, the Game Official can apply any provision of the 'Zero-Tolerance Policy', that will include but are not limited to: coach ejections, player ejections, un-sportsmanlike conduct penalty, and forfeiture of game. League fines will be assessed to the Organization represented by this team, coach, parents and/or spectators.

All Parents and Spectators shall adhere to the following rules and requirements:

1. Any parent or spectator that approaches a Game Official, a League Official, a League Volunteer and/or an Organization Representative ANYWHERE before, during or after a game in an unsportsmanlike manner, the offending Organization may receive fine and/or league expulsion. Any Player related and/or connected with that Parent or Spectator will be subject to League Expulsion as well.
2. **Noise makers per NSAA are not allowed, administered by Refs. (Unsportsmanlike penalty can be assessed)**

MYFL 106: LEAGUE PUNITIVE ASSESSMENTS AND LEAGUE FINES

1st DEGREE -- \$100

2nd DEGREE -- \$250

3rd DEGREE -- \$500

MYFL 200: PLAYER ELIGIBILITY

Any player who does not comply with any part of the comprehensive Certification Process will not be eligible to participate in any MYFL League games.

MYFL 201: ASSUMED NAMES

Players may not compete on any Organization Team under an assumed name. The discovery of such an act may be grounds for lifetime disbarment from all League activities.

MYFL 202: MULTIPLE LEAGUE PLAY

The League allows players to play on a club team and play for their Middle School / Junior High Teams. Each Member Organization has complete control over this issue for their players, and is not expected to report to the league any players participating in both.

MYFL 203: MULTIPLE TEAM PLAY

Players may not be listed on two separate Rosters and or age divisions. Any player caught playing on two separate MYFL teams will result in: Player suspension; Team forfeiture of games in which violating player participated; Suspension of team coach(es) on which player is listed on team roster(s); Suspension of team coach(es) on which the player is illegally playing for; Member Organization will be subject to a League hearing of incident.

MYFL 204: HIGH SCHOOL PLAYERS

Players who have entered high school are **strictly prohibited** from participating in the MYFL regardless of age. No player may turn 15 years of age during the current playing season without board approval. Players who have advanced grades academically and meet typical age requirements, may petition to the MYFL Board for an exception.

MYFL 205: AGE, GRADE, WEIGHT

The League to the best of its ability will assure that divisions are clearly and consistently defined by age, grade, and weight. **Note: MYFL is transitioning to Grade based by approved motion beginning with 3rd grade in 2017 and working up.**

Establishing Age:

Birth dates will be verified by Birth Certificates, Baptismal Record, Military ID, Boys Town ID or legible photocopy of these documents, and must be presented to the League at the weigh-in certification.

Establishing Grade:

Players grade will be determined by the previous school grade attended plus 1. All 8th Grade players shall provide an official school document of the grade entering for current school year, or an official document showing the successful completion of a grade from the previous school year.

Establishing Weights:

Player weights will be established at a Certification Weigh-In prior to the first game. Time and place of the weigh-in shall be determined and communicated by the League.

1. Players will be placed in 1 of 2 classifications accordingly. Once a player is assigned to a classification, he will play in that grouping for the duration of the season. (Exception: G. Player weight challenge)
2. Any player missing all weigh-in dates, for any reason, may weigh-in at a designated location and time determined by the league. However, that player is not eligible to play in the teams next scheduled game.
3. Players may only weigh in one (1) time, **AFTER** all required documents have been provided and approved.
4. A player will not be weighed without presenting the league consent form, proof of age and proof of grade (if applicable), and be listed on the official team.
5. Players may not change weight (striper) positions once position has been noted on weigh-in roster. Any player identified as a striped player (striper) with a stripe on their helmet, remains a striped player for the entire season. Stripes cannot be removed.

First game eligibility can be appealed by all Member Organizations. Written appeal must be presented 48 hours in advance of first weigh-in. Appeal must be signed by member Organization documented representative, Team Coach, Player, and Player Parent. Written appeal must state players current weight and valid reason for not being available for first weigh-in. League Directors have authority to deny or approve appeal.

Weight Challenge: Organizations may challenge the weight of an opposing player during the season. It is at the discretion of the Administration Panel whether the player is re-weighed or not depending on the validity of the challenge. If determined by the admin panel that a player has gained an excessive amount of weight (greater than 1lb per week) above the specified ball carrier weight the Admin Panel may modify the player's classification to a striper effective immediately for the remainder of the season. This action is for the safety of all players and to discourage "cutting weight" excessively to avoid a striper classification. Challenge requests must be submitted no later than week 6 games. Challenges during playoff weeks is not allowed.

Divisions and Weight Limits:

The League to the best of its ability will insure strict enforcement of each Division Weight Limit Definitions.

- **8th Grade:** None.
- **7th Grade:** None.

- Strippers may NOT participate on either Kickoff or Kickoff-return teams.
- If a team does not have enough non-striped players to fill those Special team units the coach must inform the referee. The opposing coach then can do the same and match the number of striped players, if they choose.
- Striped players may participate on the punt team similar to offense rules, and not as the punter.
- Strippers may participate on the field goal and point after touchdown (PAT) team, including as the kicker.
- The ball in play becomes automatically a "DEAD BALL" whenever a striped player gains possession and control of the ball, except in the end zone, where it would become a touchdown, safety, or touchback.
- Any striped player not playing in the appropriate position, or any striped player who's helmet is not appropriately taped while on the playing field. The result will be an "ILLEGAL PARTICIPATION" penalty. Which will carry the same penalty and application as an "UN-SPORTSMANLIKE CONDUCT" penalty.

MYFL 900: COMMONLY MISTAKEN RULES

This section will spell out some of the most commonly mistaken rules at the youth level for clarity with coaches, players, and parents.

1. Off-sides: No player may enter the neutral zone and “get back” before the ball is snapped. Once the infraction occurs it is a dead ball off-sides, 5 yard penalty.
2. Intentional Grounding: There is no “out of the pocket” in high school rules, if a player at any time throws a pass that is not in the vicinity of an offensive target, the call is Intentional Grounding, 5 yards from spot of foul, and loss of down.

3. Pass Interference: There is no “uncatchable pass” in high school rules, if the receiver is hit prior to the ball reaching the receiver, it is pass interference, 15 yard penalty.
4. Horse collar: Tackle by grasping either collar of the jersey or neck of shoulder pads, and pulling the runner backwards.
5. Calls made by the referee during game play will never be disputed after the game.
6. All PAT Kick attempts are DEAD BALL and cannot be advanced by either team.
7. A FIELD GOAL attempt goes by same rules as a punt.
 - b Blocked behind the LOS, either team can advance the ball.
 - c Crosses the LOS and doesn't go into the end zone, defense can advance the ball. If no one touches ball will become dead at rest. If touched by kicking team ball is dead where touched. If touched by defense it can then be recovered by kicking team.
 - d Crosses goal line, Touchback.
