Question: How do I Login to Absorb/<https://safesporttrained.org>—the Learning Management System (LMS) of the U.S. Center for SafeSport?

Answer: Please use the instructions included below for appropriate returning user or new user as the process is different.

Note: *Don't select the 'Sign-up' button from the Login screen because that will create a general account that is not associated with the NWBA and therefore SafeSport Training can not be verified for NWBA membership and participation eligibility.*

Returning users: Participants who have previously completed SafeSport Training should use these instructions (i.e., completed Training through the previous LMS--77 Media which used www.athletesafety.org):

1. Go to the SafeSport Trained website: <https://safesporttrained.org>
2. At the top right side of the screen select the Login button.

3. The Login window displays. Enter your Username (which is the email address used to complete previous Trainings) then select the Forgot Password link

Question: How do I access SafeSport Trainings through SportsEngine?

Answer: This option is only available to participants who submit an Adult Athlete Membership Registration. Adult Athletes should use the instructions below to complete SafeSport Training:

Instructions to complete the U.S. Center for SafeSport Training through SportsEngine:

Access SafeSport Training in one of two ways—(1) the NWBA Registration confirmation/receipt email or (2) log-in to SportsEngine. Visit: <https://www.nwba.org/safesport> (select the 'Training' tab) to access more details on how to access Training and an FAQ with screenshots.

1. NWBA Registration Confirmation/Receipt Email:
 - a. From the confirmation/receipt email that you received after submitting an NWBA Membership Registration, select the SafeSport "Complete Training" button
 - b. The link will go to a "Yes/No" screen.
 - c. Select "Yes" if a previous Training has been completed and enter the email address listed on the completion certificate which is the same as the email used to create the SafeSport account.
 1. The system will connect the accounts and display the next Training required to be completed – select "Continue" to start the Training.
 2. At the end of the training, be sure to save and/or print the completion certificate and keep it on file
 3. The "Refresher 1, 2 or 3" course is approximately 30 minutes and can be paused if needed to complete it in more than one session. To access the training again, repeat these steps or use the instructions below to login to your SportsEngine Account.

- d. Select “No” if the U.S. Center for SafeSport Trained (AKA “Core”) course has NOT been completed, and then select “Continue” to start the Training.
 1. At the end of the training, be sure to save and/or print the completion certificate and keep it on file
 2. The “SafeSport Trained (Core)” course is approximately 90 minutes and can be paused if needed to complete it in more than one session. To access the training again, repeat these steps or use the instructions below to login to your SportsEngine Account.

OR

2. Login to your SportsEngine Account:
 - a. Be sure to log in to the account that was used to submit the NWBA Membership Registration: <https://app.sportngin.com/user>
 - b. Select “Household” from the left menu screen.
 - c. Select the name/profile of the person needing to complete the SafeSport Training.
 - d. The NWBA Membership will be listed in the section on the right, scroll to the bottom and select “View Details”
 - e. Select the wording of the current Membership
 - f. Scroll to “SafeSport Certification” within the Requirements section and then select “Core Training”

Question: The email address that I use for my SportsEngine account (NWBA Individual Membership Registration) is different than the email address used for my SafeSport account (to complete previous Trainings)—how do I merge accounts so that I can avoid re-taking the previous Trainings?

Answer: It is helpful if the email address tied to a SportsEngine profile/account is the same as the email address used for SafeSport Training – Absorb account. Profiles for each system—SportsEngine and Absorb can be updated after login.

Edit SportsEngine Profile Settings:

1. Be sure to log in to the account that was used to submit the NWBA Membership Registration: <https://app.sportngin.com/user>
2. Select Settings from the left side menu
3. Select the edit button for the info that needs to be updated
4. Make the appropriate update and then select Save

Edit Absorb Profile Settings:

1. Go to the SafeSport Trained website: <https://safesporttrained.org>
2. At the top right side of the screen select the Login button.

3. The Login window displays. Enter your Username and Password and then select Login

Question: When I select the SafeSport “Complete Training” button provided in the Adult Athlete Membership Registration confirmation email, it takes me to a SportsEngine Login screen, not a Yes/No screen to enter my “SafeSport Trained” (AKA “Core”) completion code or to access to the “SafeSport Trained” course.

Answer: If using a different computer/IP Address than was used to submit the NWBA Membership Registration, Members may be required to then enter their log-in credentials-email and password to access their SportsEngine account/profile. In that case, use the instructions from option #2 listed above in the question: *How do I access SafeSport Trainings through SportsEngine?*

Question: Who do I contact if I have issues with SafeSport Training platform (e.g., the Training won't advance to the next section, or I have issues logging in?)

Answer: For Technical Support, please use the appropriate contacts as follows:

- Junior Athlete and Non-Athlete Individual Membership Registrations: Contact The Center's Technical Support by calling: 720-676-6417 or visiting the U.S. Center for SafeSport website:
<https://safesport.atlassian.net/servicedesk/customer/portal/4/group/9/create/40>
- Adult Athlete Individual Membership Registrations: Email: Tina Cain, NWBA Business and Compliance Manager at tina@nwba.org

Question: How long is each required SafeSport Training?

Answer: SafeSport Trained (AKA 'Core') is approximately 90 minutes and Refresher 1, 2 and 3 are all approximately 30 minutes.

Question: What are the required SafeSport Trainings?

Answer: Participants are required to complete one (1) Training per season. There are four SafeSport Training courses total and they must be completed in sequential order as listed in the table below.

NOTE: The system requires that the 'SafeSport Trained' (AKA 'Core') course is taken every four years regardless of seasons/other courses completed in the sequence.

Year	Course
1 st Year	SafeSport Trained (AKA Core)
2 nd Year	Refresher 1
3 rd Year	Refresher 2
4 th Year	Refresher 3
5 th Year	SafeSport Trained (AKA Core) <i>In Year 5, user restarts the four-year cycle by taking SafeSport Trained (AKA Core).</i>
