

BILLETS

It takes special people to open their homes and hearts to our players and we take the utmost care to ensure our players are placed in environments that are conducive to care, understanding and safety. We ask that our players be treated like any other member of the billet family. For many of the players, this will be their first time away from home and they are in need of a stable living environment for their move to Peace River. It is important that the player respects the rules of his host family and the host family respect the rules of the hockey club. The values and principles for success that are essential to become a member of North Peace Navigators will be demanded at the rink, in the home, in the community and in school.

In the billet homes, the players are encouraged to become involved with the family that has so generously welcomed them. As a member of the household, the players are expected to share in the daily chores as well as maintain their own rooms and do their own laundry.

The players are encouraged to maintain a structured schedule in order to balance hockey, school, fitness, community involvement, and if required part-time employment. The team has established rules for game day curfews that all of the players abide by in order for our team to be successful.

NAVIGATORS VISION STATEMENT

“FINDING A WAY TO WIN”

Our Players win by being part of a comprehensive program designed to mould our players into young men who are taught how to be committed, held accountable, love discipline, willing to sacrifice, and taught responsibility.

Our Fans win by being able to enjoy fast paced junior hockey produced by the Navs and the NWJHL.

Our Community and Sponsors win by reaping the social and economic benefits of having a junior hockey club that is focused on being an asset in our community.

PRIDE, EXCELLENCE, DEVELOPMENT

This will be our twentieth season in the exciting NWJHL. We have been a team that has achieved a lot of success in our previous nineteen seasons. We have won 6 NWJHL titles, appeared in the league finals 14 times and have been to provincials 9 times, capturing 3 bronze medals, 1 silver medal and 1 gold medal title.

As a Navigator you will be developed in three areas; athletically, academically and socially. We are able to achieve this through efficient practices with a coaching staff committed to developing you into a complete all round player. We believe we have the perfect recipe to help you achieve what ever your athletic goals are. Whatever path you choose we have the connections to get you to the next level.

It is also our mission to help you achieve your academic or career goals. We have many connections in the work force as well

as two quality high schools and two-post secondary campus for those interested in post secondary education. We feel that your performance off the ice is just as important as your performance on the ice.

We have been able to achieve a great deal of success by recruiting players with a high level of commitment and skill in all areas of life and compose a detailed plan to develop the players selected. Our program has a heavy emphasis on conditioning and strength training as well. as skill development.

NO FEES – FREE TO PLAY

The North Peace Navigators are a well-established organization with deep roots in the community. Sponsorship contributions and fundraising, along with some of the largest crowds in the NWJHL, fund our hockey program.

There are no team fees and we are not a pay to play organization.
