Dear Friends and Supporters,

The California Condors Special Needs Hockey Team was the first program in California to give kids and adults with developmental disabilities an opportunity to learn and play hockey. With 12 years in existence, we are a 501c3 non-profit organization, entirely run by volunteers, adults, and kids alike, who generously donate their time and talents to the program.

Our program resides in Simi Valley, California and serves kids and young adults with special needs living there and in the surrounding area, as well as in West Los Angeles. Kids and Adults kids and adults with various challenges such as Down's syndrome, ADHD, Autism and Fragile X to name a few make up the team but on the ice, we practice what we preach: *ON ICE, ALL ARE EQUAL!*

This year, our team has been met with financial challenges. Ice time, equipment and uniforms all take a toll on our budget and we are finding it more difficult to subsidize some of the cost. Our expenses include:

- \$500.00 in monthly operating costs
- \$3000.00 per session ice time paid 3 times a year
- \$500.00 per tournament x 2-3 times per year
- Scholarship funds
- equipment

But together with your support, we can help this amazing team of athletes grow, thrive, and prosper! Your generous donation will help maintain and keep hockey affordable for this awesome families. Every dollar you donate to support the California Condors will give children and young adults with special needs, the chance to play and be a part of *#Hockeyisforeveryone!*

Please let us know what else you may need to arrange for a contribution to our program and please, feel free to contact me with questions or for more information.

Sincerely and thank you,

Peter and Dana Janis
