April 9, 2020

To: NHYFSC Member Association Families

We hope that you and your families are safe and healthy as we fight COVID-19 as a community and a country.

The NHYFSC and AYF & AYC have been monitoring and following the advice of the CDC and public health authorities. It is a day to day evaluation of the state of health for the nation and NH.

To help reduce the exposure and transmission of COVID-19 (coronavirus) we are adhering to the stay in place order issued. We are working with our member associations by postponing all in-person registrations and events to help protect our families. We have been meeting with our members remotely each month to communicate the best ways to serve our families during this stay in place order.

This letter is to inform you that we have not changed our timeline and are still preparing for a regular 2020 season. Our association members and children's health & safety are our number 1 priority. We will closely monitor the situation and let you know if we update our schedule based on recommendations from the CDC and public health authorities.

While we are under the stay in place order families are encouraged and able to register online with their association by visiting www.nhyfsc.org/registration , select the association you want to register with from the dropdown.

Please stay tuned for future emails and visit us online at www.nhyfsc.org and on our Facebook page <https://www.facebook.com/NHYFSC/>.

On behalf of the entire New Hampshire Youth Football & Spirit Conference, be safe and stay healthy.

Best regards,

NHYFSC Board of Directors
