Can my daughter Play up??

- All players, regardless of what team they played on last season, MUST come to tryouts for their age appropriate team.
- If a coach on the next oldest age group has a “need” for a player in a certain position, they are allowed to invite a player to tryout on their court. This requires Club Director approval before inviting the player.
- This does not mean they will stay on that court! It’s just a tryout.
- We have no idea who/what players are coming to tryouts so it’s not far to have certain players tryout on older age groups, until tryouts actually begin and coaches can evaluate their age appropriate players.

What to bring to tryouts?

\$40 tryout fee (cash or check made out to Eastside Ice VBC)

copy of valid WEVA registration
