

FOR IMMEDIATE RELEASE

AJAX East Bay and Impact Soccer Club's in Merger Discussions

Brentwood, CA (November 15, 2021): The Board of Directors (BOD) from both [Ajax East Bay](#) and [Impact Soccer Club](#), the two top clubs serving Brentwood, Oakley, Discovery Bay and the surrounding areas, are exploring the opportunity to merge both organizations into one stronger club. The two clubs have formed an 8-person Merger Committee that is meeting regularly to discuss whether a merger between the two clubs makes sense at this time.

Merging the two organizations would create a stronger platform to train our players to compete not only locally, but also regionally and nationally. Coming together would create 30-40 competitive teams supporting over 500 players, along with a 1,400-player recreational league. This will also include over 250 players participating in our youth (4-7 years of age) Pre-Academy program, and a strong office support staff. The club would be a National Premier League (NPL) member club competing in NorCal Premier Soccer.

The goal would be for this new soccer club to begin operations for the 2022/23 season with recreational program registration starting in the Spring (March-May) and competitive tryouts taking place in May & June 2022.

We greatly value membership input of both organizations. Please feel free to fill out and submit the [survey](#) if you want to provide your feedback.

Yours in Soccer,

Board of Directors
representing
Ajax East Bay
Impact Soccer Club
