We are excited to share that CPYLA has joined CDAA (Champlin Dayton Athletic Association)

www.cdaasports.org

We believe that this merge is going to help us grow this sport by reaching more future lacrosse players. As always, we are dedicated to promoting the sport of lacrosse to boys and girls in our area, and we understand the impact that joining CDAA can have on that goal. We continue to run the program as we have in the past, so you will not notice any major changes.
