PREPARE FOR THE SEASON

Fall is the time for PREPARATION. With tryouts in October and the winter season launching immediately after, September has become an important time for getting the edge needed to make the team you strive for.

For three weeks in September athletes are pushed beyond their comfort zone in the Fall Speed Academy. On-ice and dryland training prepare players by focusing on an overspeed style of training that forces proper technique and repetition at an increased speed which accelerates the benefit and allows for the greatest benefit.

Join us this September to prepare and ensure you are ready for tryouts and the season!

FALL SPEED ACADEMY

NEW! ADDED SESSIONS

Three weeks of over-speed training devoted to increasing speed, quickness and agility. Speed Academy is run at an extremely high level of intensity pushing the skater well beyond their comfort zone.

The goal is to make the player a stronger competitor, but the additional benefit is increased confidence in their abilities.

Dates: August 31, September 1, 2, 3, 8, 9, 10, 11, 14, 15, 16, 17

SCHOOL YEAR TRAINING SPECIAL SKILLS SMALL GROUPS

Individual skills are often neglected during the winter season in favor of team strategies and game play. Don't neglect your development - if you are not improving how will you reach your goals.

Groups forming for before and after school:

- Breakfast Club Stickhandling
- Optimum Defense
- Extreme Edgework
- Puck Protection & Shooting
- Puck Skills

Call 952-746-9033 to discuss group placement with one of our full time coaches. Groups formed Monday-Friday by age and ability.
