## **FACILITY UPDATE**

North Rink was closed from mid-March through the end of July. It stayed busy with Roller Hockey and weekend tournaments, but we were able to get some projects completed.

### **Completed Summer Projects**

- Sports Floor Install and Removal
- North Rink Locker Rooms Painted
- North Rink Locker Room Hallway Painted
- New Water Bubblers with water bottle fillers in both lobbies (\$7,500)

North Rink is currently open; South is closed. North Rink ice install went well but we are still figuring out some of the nuances of the new compressor controllers. We are having an additional new control board installed in the next week or so and that should help us tie the system together and get it running as efficiently as possible heading into the winter season.

### **Current Projects**

- South Rink Main Ammonia Valves (\$22,000)
- South Rink Compressor Rebuild (\$8,000)
- Zamboni Overhaul (\$10,000)
- South Rink Relief Values (\$4,000)
- South Rink Player Bench Flooring (\$1,000)
- North Rink Compressor Controller (\$12,000)

South Rink install will take place during the first week of September, so we will have both sheets ready for the Sept 7/8 weekend. In addition to our busy schedule, we will have a couple additional projects that will be going on.

### **Planned Projects**

- Paint South Rink Locker Rooms/Hallway/Lobby
- Replace all broken Lights and Guards over both rinks (\$1,500)
- Replace temporary poly-glass shielding in South Rink
- Enclosed North Rink Bleachers
- New Rubber Flooring/Overhaul in all Public Restrooms (\$40,000)

## **SCHEDULING UPDATE**

Tryout schedule is just about complete. Once we have team numbers, I can get the practice and game schedules done. The bulk of OYHA practices last year fell between the 5:30-7:30pm time frame. With Cedarburg High School moving their practice time to 5:40-6:40pm, the practice bulk will shift to 6:40-8:40pm.

- Fall Warm Up
- Tryouts
- Coaches Clinic
- Mite Warm-Up/Evals
- Learn to Play/Ice Chips/Learn to Skate shared ice time
- Practices to start October 9
- Games to start Oct 26

Working through the rotation of Mite practices/games and Learn to Play/Learn to Skate to get both groups on both rinks throughout the winter, but it's dependent on the X-ice boards. Hopefully it will work out.

## **HOCKEY UPDATE**

A new 5-hole Training Net has been ordered. We will now have one "training" net on each rink.
