

Drill no. : _____ Duration : _____ Minutes From : _____ To : _____

Title : Cycle 2 Block 3 (1) Category #1 : Category #2 :

Description

1A) 2v1 Entry - F2 passes puck to F1 in the wide lane to start. F's attack 2v1 vs the D. Play it out until there's a goal, puck covered, or D passes puck to coach. F's use the width and depth of ice to create scoring chance.

1B) Mini Net Chase - X1 skates thru middle & turns to either side. X2 pursues from behind. X2 tries to force a turnover by chasing behind net, stopping in front, or chasing behind net from other side. X1 must control puck with awareness. (similar to tag with obstacles) Go until a turnover is forced or 15-20 seconds.

Description

2A) Odd Man Keep Away - Split into 2 teams of 3. 1 player must stay on one side of blue line. 2 players must stay on other side of blue line. Players work to keep possession of the puck with their teammates. Players can pass the puck to teammate on other side of the blue line but cannot skate to other side.

2B) RMU: Backcheck 2v1 - X1 & X2 pursue C and force a turnover. X1 & X2 immediately transition to offense after stealing the puck for a 2v1 rush vs player waiting in high slot. Teach Net Drive and Stopping at the Net!

Description

Single Net Gretzky Game

Teams play 2v2 with a Coach or Designated Player below the goal line that teams can use to pass to on change of possession prior to scoring, as well as use throughout their offensive possession to make it a 3v2 when trying to score.

Teams must transition from offense-to-defense and defense-to-offense quickly while also taking advantage of the odd-numbered situation on offense by using Gretzky.
