

The 2018 Billings Jr Bulls Dirty Dangler Challenge

The Dirty Dangler Challenge is a program to encourage our Jr Bulls kids to do off-season skill work. The challenge is to complete **25 hours of stick handling practice** before next season. That equates to about an hour per week.

Hockey camps and summer AAA teams are fun. But if your kids really want to become elite hockey players, they can do a lot of the work at home without all the expense and travel. Encourage them to put down their phones and pick up their sticks.

Below are some of the excellent stickhandling videos available. It's important that the kids are starting with the proper fundamentals (top hand grip, bottom hand slide, hand spacing, hands away from body). These points are covered in many of these videos.

Make sure your kids keep track of their practice time. Submit your tracking sheets to Brad at the rink or director@centennialicearena.net when they have completed their 25 hours (by 8/18/18) and we'll get them a cool t-shirt and inducted into the Billings Jr Bulls Dirty Dangler Club. (Shirts will be available during tryouts for the 2018-19 season to be held the middle of September.)
