**Bring reading to life for your little one through music, movement, and FUN!**

Reading Sprouts is tailored to ignite your child's passion for reading. Through sensory play, rhyming activities, and song, we lay the groundwork for children to blossom as readers and be successful in kindergarten and beyond.

- Our program aims to foster pre-reading confidence, enhance alphabet knowledge, develop an understanding of appropriate letter sounds, and more!
- Each session includes an interactive read aloud, rhyming activities, songs, sensory experiences, and wiggle breaks.
- Weekly updates with actionable tips designed for parents to engage with their child.
