Questions have arisen regarding players assigned to Varsity and JV rosters.

Regular Season Game Limit - Gary

- Will be updated in the Competition Rules
- **Regular Season Game Limit - 20 games.**
 - From discussions with multiple coaches, officials, and the Executive Committee regarding the wording of the previously stated game limit language, as well as review of college schedules, and safety considerations for the athletes, the Executive Committee has voted to change the regular season game to a cap of 20 games. This includes all in state, out of state and tournament games.

Clarification - Seeding / Tie-Breaker - Kenny

- Pages 4 & 5 of the INGLA 2023-2024 Playoff and Tournament Structure
- **1A Sectional** - seeding is decided by sectional win/loss record.
- **2A Round 1** - seeding is determined by LaxNumbers (vs Indiana in-state opponents only) rankings.

Both classes.

- ○ If teams play each other multiple times only the 1st game results count towards seeding.
- ○ Tie-breaker:
 - (1) Head to Head results, first game only
 - (2) Win/Loss % among same class opponents
 - (3) Coin Toss

Clarification - Early Graduation and Non-School / Non-District Player

- **Graduated Students** - Students meeting requirements for graduation in less than four (4) years, in a high school with a regular four-year course, shall be eligible to participate as a student athlete in the INGLA during the fourth year, ***provided they are enrolled in and attend full credit classes for the entirety of the semester(s) or trimester(s) in which the lacrosse season occurs.***

 - Club Varsity High School teams will compete for a state championship in Class 1A - Any Club Varsity team will only compete in Class 1A.

2024 Rule Changes - Equipment

2-6-1: Requires goalkeeper's thigh padding to be shorts or pants manufactured with integrated protective padding.

Rationale: Clarifies the requirements of thigh padding for the protection of goalkeepers

2-7-1: Reorganizes tooth and mouth protector rules, aligns them with other NFHS sport rules, and eliminates restrictions related to color and graphics.

Rationale: Creates consistency and follows NFHS Sports Medicine Advisory Committee's recommendation for tooth and mouth protector guidelines.

2024 Rule Changes - Equipment

2-7-4 NOTE, 2-9-5: Allows field players to wear compression shirts that meet the NOCSAE ND200 lacrosse standard under the uniform and does not require these shirts to meet the color requirements of visible undergarments.

Rationale: Allows field players to wear padding intended to protect against commotio cordis.

2-9-4e (NEW): Establishes that only school related or player identifying names (school's name, nickname, logo, mascot and/or team member's name) will be allowed on the team jersey above the uniform number beginning in 2027.

Rationale: Creates consistency in uniform rules among other NFHS sport rules.

2024 Rule Changes - Duration of Play / Stoppages of Play

4-1-1: Changes the duration of play for a game from two 50-minute halves to four 12-minute quarters.

Rationale: Allows coaches to provide instruction more frequently and aligns with NFHS Boys Lacrosse.

4-2-2 EXCEPTION: Establishes that an official's time-out shall not be called when there is a 10-goal differential when the following occur: offside foul, inadvertent whistle, or alternate possession.

Rationale: Allows the clock to run in these situations when the 10-goal rule is in effect.

2024 Rule Changes - Duration of Play / Stoppages of Play

4-2-3: Allows coaches to coach their players during an injury time-out.

Rationale: Allows coaches to address their players during an injury time-out and eliminates the need for officials to monitor coach/player interactions for potential coaching during this time.

2-4-5: Requires that stick check requests be made before the official's hand is in contact with both centers' sticks for the draw.

Rationale: Clarifies when a stick check request may be made and eliminates potential interruption of administration of the draw.

2024 Rule Changes - Resetting Play

5-4-1: Eliminates the requirement of players awarded a free position outside of the critical scoring area to come to a stop and settled stance when self-starting.

Rationale: Improves the flow of play and reduces a potential advantage created when the defense has time to set up while the attack player must stop for the free position.

5-4-5, 10-1j: Eliminates the false start penalty when a player self-starts when it is not an option outside the critical scoring area and allows officials to reset play without a penalty.

Rationale: Eliminates assessment of a major foul for self-starting outside the critical scoring area when it is not an option.

10-1y – Three Seconds PENALTIES: Clarifies free position locations for three-second violations and requires a free position to be awarded at the closest dot for a three-second violation when the spot of the ball is outside the critical scoring area and below the goal line extended.

Rationale: Adds clarity and consistency to the rules for three-second violations.
