

Winter Wonderland Information

Due to our current circumstances with COVID-19 precautions, please come prepared for the following “changes” to our typical competitions.

1. ALL GYMNASTS must bring their own chalk containers, scrapers, water bottles etc. No ‘common chalk’ will be provided. Similar to how gymnasts “use their own” during practices, the same policy will be used for competition.
2. All spectators are required to wear masks. This includes parents and fans in the stands. We are limiting spectators to 2 per athlete. To safely social distance in the stands we ask that families do not bring more than 2 people.
3. Awards will occur on the competition floor this year. We will spread out the “placements” to allow for distance, and medals will be placed at each marker for the girls to put on. The awards stand will not be open for pictures after awards.
4. We will not allow the next session to enter the competition floor until the session before them is complete. Please please please make sure your families do not arrive more than 15 minutes early. Thank you for your help with this!
