Learn to Skate - Learn to Play Hockey!

A Hockey Perspective

MMH's Learn to Skate Hockey Program is a unique hockey based program taught by hockey coaches and structured to get your little athlete ready to play.

This unique program is designed to not only teach your developing athlete how to skate, but also to teach your son or daughter some introductory methods when it comes to playing hockey.

The little athletes will learn to be comfortable skating with hockey equipment on and skating with a hockey stick in their hands. They will learn to have fun on the ice with skating games and also get a little structure to help them prepare for organized hockey.

The Program Specifics:

Weekdays at Edina

12 Classes each session

Monday/Wednesday
or

Tuesday/Thursday

5 sessions by Sept 1 - ask how*

What you Need:

All skaters must wear hockey equipment.

Helmet w/ mask, hockey skates,

shin pads, elbow pads,

Corey Stark - Director & Lead Coach

Corey brings to the ice a passionate and genuine desire to coach developing athletes. His energy and "work hard, play hard" style is contagious and refreshing. Stark has been coaching at MMH for 10 years and before that also coached in Santa Fe, NM and in Chaska, MN. He is currently a lead Instructor for year-round training, Head Coach for the '10 and '16 Machine Orange teams, and Director of Learn to Skate/Early Hockey Development.

"I have always believed in being a student of the game. Hockey is always evolving, and you must keep learning to be a good teacher. Whatever the age level I am coaching, I am always trying to push athletes outside their comfort zone - no complacency, every day is a competition and challenge to get better."
