

How to Add Guardians

Family members of an athlete can be added as "Guardians" to view the team schedule, RSVP to games and events, message team members, and edit the athlete's profile.

NOTE: Guardians do *not* receive text message notifications on behalf of the player profile.

1. [Sign in](#) and go to your [Household](#) tab of your dashboard.
2. Click on an athlete sub profile.
 - **NOTE:** You can not add a Guardian to the account owner's profile.
 - If you don't have a sub profile for the athlete, *you will need to add one either through a registration or by claiming a roster spot.*
3. On the right side, under the *Guardians* header, click the **plus sign (+)**.
4. Input the Guardian's email address to invite them.
5. Toggle which athlete profiles this Guardian should manage.
6. Click **Send Invitation**.

Helpful Tip! The invited guardian will appear on the Guardians tab as "Pending" until they accept their invite in their dashboard. You can resend a guardian invite at any time by tapping **Resend** next to the Guardian's name. You will receive an email when the Guardian has accepted the invite.

The screenshot shows the SportEngine dashboard interface. At the top left is the SportEngine logo. At the top right, there is a 'My Organizations' dropdown menu, a notification bell icon with a red badge, and a user profile picture. On the left side, there is a vertical navigation menu with options: Home, Household (highlighted), Schedule, Teams, Groups, Bills, Registrations, Settings, Apps, and Dibs. At the bottom of the menu is a 'Send feedback' link. The main content area is titled 'Household' and displays four guardian profiles in a row. Each profile card includes a circular profile picture, the name, and contact information for phone and email. The first profile, Mary Hanson, has a yellow 'Me' banner. The other three profiles (Carson Hanson, Eric Hanson, and Sara Hanson) have a white 'X' in the top right corner of their profile picture area. A blue 'Need Help?' button is located on the right side of the main content area.
