The toughest assignment the coaching staff will face during the entire process is the player evaluation process. Selecting players is not a perfect science and there isn't a perfect method that assures that we will always select the best player. We recognize that and we understand the disappointment of being passed over for another player. The best we can hope for is to give the selection process our fullest attention.

If you advance from the try-out process and make the team, congratulations. If you don't, then we hope you will do what all dedicated athletes do: prepare, train, do all you can, and be ready the next time opportunity knocks!

Good luck and we are looking forward to working with you.
