Waconia Hockey Association – Parent Agreement

Parents' Code of Conduct:

- I will remember that the game is for the children and not for the adults.
- I will encourage respect for the participants of the sport of hockey.
- I will be positive and supportive of each child's efforts, recognizing that each child is an individual and each possesses different skills and abilities.
- I will encourage good sportsmanship by demonstrating positive support and behavior toward all players, coaches, officials, and other parents/spectators at every game or practice, whether it's my child's team event or another youth athletic event.
- I will remember that the development of hockey skills through practice and perseverance is more important than winning hockey games.
- I will remember that winning of hockey games is less important than developing skills and attitudes that may serve our children throughout their lives.
- I will stay out of the locker room before and after practices and games. This time is the team's and the coaches'. Dress them and leave.
- I will demand that my child participate in a safe and healthy environment.
- I will demand that my child's coaches be trained and certified by USA Hockey, and that the coaches meet the standards of behavior set forth by USA Hockey.
- I agree to pay all fees and expenses when due, to timely transport or arrange for transportation to all team events, to communicate with the appropriate parties any problems or requirements that may arise, and to help the team in any manner that I am asked or able to provide.
- I agree to abide by the policies of USA Hockey, Minnesota Hockey and the WHA regarding sexual and physical abuse; anti-discrimination; and alcohol, drugs and tobacco usage. I will demand compliance by my child as a condition of participation.
- I agree that I will support the emotional and physical well being of all the participants on my child's team, ahead of any personal desire to win games or any desire for personal reflected glory.
- I agree to that final payment, or arrangement approved by the Executive Board, is required in order for players to participate in, but not inclusive: end of year festivals, jamborees, and/or districts. Failure to do so will prevent the player(s) from participating.

Most important, I pledge to commit my efforts to my child and his/her team members, coaches, team officials, and team member parents to make the hockey experience a positive, fun experience, one that will generate a lifelong love for the game of hockey.

Grievance Procedure:

Procedures to be followed for discussion and resolution of all problems, concerns and formal grievance after a 24-hour cool-down period:

Step 1 – Problems or concerns that have to do with coaching or the team (e.g., playing time, position, practice, code of conduct, etc.) should be taken to the team manager of the respective team who will attempt to resolve the problem with the coach.

Step 2 – If the player/parent does not consider the coach's answer adequate or if the nature of the problem is such that the player/parent prefers not to discuss it with the coach or team manager, the matter can be taken directly to the ACE coordinator, mite coordinator or the Girls' Program coordinator.

Step 3 – If satisfaction is not obtained in Step 2, a written grievance should be filed with the WHA president or vice president. The written grievance should outline the specifics of the incident or issue, including factual events, the names of parties involved and witnesses. Once the letter is received, an investigation will be conducted and appropriate action taken per the Grievance Procedure process discussed above.

USA Hockey Concussion Information and Acknowledgment

All sports and free play are associated with risk for a concussion, including playing, officiating or participating in ice hockey. It is important that all participants and parents learn about concussion prevention, recognition, treatment and return to play.

A concussion is a type of traumatic brain injury—or TBI— caused by a bump or blow to the head or by a hit to the body that causes the head and brain to move quickly back and forth. Bouncing or twisting of the brain in the skull can cause chemical changes and sometimes stretching of the brain cells. A concussion disrupts the way the brain normally works. Most concussions are mild, but all concussions should be taken seriously because permanent brain damage and death can occur from another injury. A concussion may be difficult to recognize. A person does not have to be “knocked-out” to have a concussion. Less than 10% of persons concussed actually lose consciousness. Signs and symptoms may show up right after the injury or can take hours or days to fully appear.

If a person reports one or more symptoms or demonstrates any signs of concussion after a blow to the head or body, s/he should be kept out of practice, play or training immediately and referred to a health care professional with experience in concussion management. A concussed brain needs time to heal and the person is much more likely to have another concussion if they return to soon. Repeat concussions are usually more severe and take longer to heal. Return to play or

officiating is allowed only after the individual is without symptoms, has progressed through the USA Hockey concussion protocol and is cleared by the health care professional.

USA Hockey provides all participants with information and educational materials about concussions, including the risk of sustaining a concussion, how to minimize these risks, concussion signs and symptoms, and USA Hockey’s program for returning to play following a concussion. USA Hockey’s Concussion Management Program can be found on the USA Hockey website at: usahockey.com/safety-concussions.

By checking the box and placing my initials in the box below, participant, and participant’s parent(s) or legal guardian(s) if participant is a minor, hereby acknowledges (1) that I have had the opportunity to review information on concussions provided by USA Hockey, including the signs and symptoms of a concussion, (2) that participating in the sport of ice hockey involves the risk of sustaining a concussion and that I knowingly, freely and fully assume all such risks, (3) that any participant suspected of possibly sustaining a concussion will be removed from practice or competition (and that I will remove myself from practice or competition) and not returned to practice or competition until cleared in writing by a licensed health care provider trained in the evaluation and management of concussions, and (4) that I shall follow USA Hockey’s Post-Concussion Return to Play Protocol and any applicable state law prior to returning to play.

Acknowledgment of USA Hockey SafeSport Policies

USA Hockey is committed to creating a safe and positive environment for its participants' physical, emotional, and social development and ensuring it promotes an environment free from abuse and misconduct. To help create a safe environment, USA Hockey has adopted a SafeSport Program containing policies and procedures applicable to its programs. As the national governing body for ice hockey as designated by the United States Olympic & Paralympic Committee ("USOPC") under the Ted Stevens Olympic and Amateur Sports Act, USA Hockey is subject to the requirements of the USOPC, the US Center for SafeSport ("Center for SafeSport"), and federal law, including the Protecting Young Victims from Sexual Abuse and SafeSport Authorization Act of 2017 (the "SafeSport Authorization Act").

Accordingly, by virtue of such person's registration for membership, each member of USA Hockey agrees to abide by and be subject to (1) the SafeSport Code for the U.S. Olympic and Paralympic Movement (the "SafeSport Code") as adopted by the Center for SafeSport, (2) all requirements of the SafeSport Authorization Act, (3) and all USA Hockey SafeSport Policies as set forth in the USA Hockey SafeSport Program Handbook as it may be amended or modified from time to time. Each member of USA Hockey shall be subject (a) to the jurisdiction of the Center for SafeSport with respect to the investigation and resolution of any allegations that such person may have violated (i) the sexual abuse and misconduct policies of the Center for SafeSport, (ii) allegations of violations of USA Hockey's SafeSport Policies that are reasonably related to and accompany a report or allegation of sexual abuse or misconduct, and (iii) any other allegations of violations of the SafeSport Code over which the Center for SafeSport exercises discretionary jurisdiction, and (b) subject to any action taken by the Center for SafeSport as a result of such allegations, including without limitation, suspension, permanent suspension, and/or referral to law enforcement authorities, all as set forth in the SafeSport Code. Each member of USA Hockey shall also be subject to the jurisdiction of USA Hockey with respect to any allegations that such person may have violated policies of USA Hockey's SafeSport Program and that are not under the jurisdiction of or addressed by the Center for SafeSport.

The SafeSport Code may be found at www.uscenterforsafesport.org. According to the SafeSport Code, all members of USA Hockey are responsible for knowing the information, policies and procedures outlined therein. The USA Hockey SafeSport Program Handbook and other information and materials regarding USA Hockey's SafeSport Program may be found at www.usahockey.com/safesportprogram. As a member of USA Hockey, you are encouraged to review all SafeSport Program materials and information available at USA Hockey's website.

Minor Athlete Abuse Protection Policies

The USA Hockey SafeSport Program Handbook contains Minor Athlete Abuse Protection Policies adopted by the Center for SafeSport and as applied to USA Hockey Programs, and also includes other policies, procedures and requirements that USA Hockey considers important to its mission to provide a safe environment within USA Hockey programs. These policies include prohibitions on one-on-one interactions between minor age participants and (i) adult members of USA Hockey who have regular contact with minor Participants, (ii) any adult authorized by USA Hockey or a member program to have regular contact with or authority over minor Participants, and (iii)

any adult staff or board members of USA Hockey or a member program. These policies apply in areas or situations with an increased risk of abuse or misconduct, including prohibitions or specific requirements for on one-on-one interactions between adults and minors in locker rooms, electronic communications, during travel locally to and from practices or games and during overnight team travel, in meetings or individual training sessions, and in out-of-program interactions.

To best protect athletes from abuse or misconduct in our sport, it is critical that parents of minor athletes are familiar with the policies of USA Hockey and monitor to help ensure that interactions between their children and adults in USA Hockey programs are in compliance with the rules and regulations for those interactions. USA Hockey strongly encourages parents to make their children aware of the USA Hockey SafeSport Program policies concerning interactions between adults and minors. Parents should not permit their children to participate in interactions that are not in compliance with USA Hockey SafeSport policies. Parents should, and all adult members of USA Hockey are required, to report violations of the USA Hockey SafeSport Program policies as set forth in the USA Hockey SafeSport Program Handbook.

SafeSport Training

Many persons that are members of USA Hockey are required by federal law and/or the USOPC, the Center for SafeSport or USA Hockey, to complete SafeSport Training as a condition of their participation in USA Hockey programs. Even if you are not required to complete SafeSport Training, you are eligible to do so at no cost and USA Hockey strongly encourages you to complete the training. The training is available online and can be accessed at www.usahockey.com/safesporttraining.

United States federal law and the Center for SafeSport require that all adults who have regular contact with or authority over minor athletes must complete SafeSport Training. This includes all coaches and officials, and all administrators, volunteers and employees with regular contact with or authority over minor age hockey players. In some USA Hockey age classifications, there may be both adult age (18 and over) and minor age hockey players permitted on the same team, and those players that are or will become adults during the season will have regular access to minors and are required to complete SafeSport Training. To comply with law and to avoid being required to remove players from a team in the middle of a season, USA Hockey also requires that players and officials 17 years old during this season (all players/officials born in 2003) must also complete SafeSport Training. Accordingly, all players and officials born in 2003 or earlier must complete SafeSport Training prior to being permitted to participate or be on a roster in any Youth, Girls, High School, Junior, Disabled and Flex hockey classifications,

Because some players and officials required to complete SafeSport Training are still minors at the time the training is required, USA Hockey is required to obtain parental consent for them to complete SafeSport Training. If your child is under 18 years of age at the time of this registration, then your signature below constitutes your permission for your child to complete SafeSport Training.

I have read and understand the above on behalf of myself and, if applicable, my minor child:
