

WINTER PARK
BABE RUTH

How To View Your Registrations

1. From any page on the site, you will see an icon for your account in the upper right corner (if there is an image on your account, the image will show). [Click on this icon to open your account menu.](#)

2. [Click on the “My Account” link to open your Account Screen.](#)

When you click this link, you will be taken to the “Home” page of your SportsEngine Account. The Home page will display upcoming events linked to your account (Games), Teams your account is associated with and any upcoming payments you have with the league.

From this screen, you can click:

- **Household** to see any accounts associated with yours
- **Schedule** to see events linked to your account
- **Teams** to see teams linked to your account
- **Groups** to see any groups you are a member of
- **Bills** to see any outstanding bills you might have from WPBR or another linked organization
- **Registrations** to see all the registrations you have ever filled out on your account
- **Settings** to make changes to your account information and contact preferences

3. [Click the “Registrations” link](#) to have all the registrations you have filled out displayed on the screen. For WPBR, this will include volunteer, player registrations, background checks and concussion certification.

If you use your SportsEngine account for other sports groups (i.e. Ace of Spades Baseball, etc.), your registrations for that group will be found here too.
