

Background checks are not created equal

DO EVERYTHING IN YOUR POWER TO PROTECT YOUR ATHLETES

Families trust organizations to find volunteers and coaches that create fun, educational, and safe environments for their athletes. Unfortunately, a growing number of predators and criminals are using youth sports to gain access to children.

Fact: 1 in 10 children will be sexually abused by the time they're 18.

DISCOUNT SCREENING SERVICES MAY BE MISSING CRUCIAL INFORMATION

From an internal case study conducted in 2016, it was found that 46% of records sourced from county or local level searches would have been missed on database-only searches. This would have allowed individuals with felonies on their records to have slipped through the cracks.
