

ALL STAR

SELECTION POLICY

The committee cannot rank an athlete higher than the ranking by a district on Form A.

- If an athlete is ranked as the #2 quarterback in a district, the athlete cannot be ranked above the athlete in that district that was ranked #1 in a district.
- The #2 quarterback in District 1 can be ranked higher than the #1 quarterback in District 2.

- . The ranking on Form A only relates to kids from the same district.

Once the Committee has ranked the athletes by positions, teams will be selected by alternating ranking of the position in the following way: #1 goes to Team 1, #2 & #3 goes to Team 2, & #4 goes to Team 1. Positions are alternated from that point until the team is filled.

The teams must have the following attributes to ensure the teams are equitable across different classifications.
