Gave out a two year Park Improvement plan

- 1) Protective netting behind backstop on Varsity Baseball and Softball fields. Has support of AD/Superintendent/Maintenance
- 2) Fencing updates (fences have risen in many areas due to frost, need to be brought to the ground) Need gates that lock, and would like left field gate widened.
- 3) Open batting cage down leftfield line and enclose it so it can be used as storage
- 4) Pressbox for baseball and softball (possibly one on each field or one big one to be shared)
- 5) Trees- need to plant some trees for shade
- 6) Cut out infield beyond area by cages so it can be used for practices by softball and baseball
- 7) Outfield redone- has been ruined when football practiced on it (re-sod, sprinkler system)
