

Change pen colors each time you get through the serving order, alternating between black/blue to red.

When serving team does not score, mark R in circle and mark a slash on the opposing team's running score.

When serving team scores, place number of point in circle and circle that same point on that team's running score.

When the libero (different color jersey than rest of team) serves, put a triangle over the serving position and triangles (instead of circles) when they serve.
