

WWF National Dual Teams Information

14U (Schoolboy)

The Freestyle and Greco team is determined by state placing in descending order of place finish. We will take all State place winners from podium to the Dual Team registration area. At this time athletes must determine if they are accepting their spot starting with the State Champion. If the spot is declined we will work our way down the place winners. Those that accept their spot on the team will be required to fill out the paperwork and make payment at that time. You may only wrestle one style.
