I have been a part of the founding of the coaches association and continue to push for the betterment of the sports of cross country and track & field. I want to make sure coaches from across the state are represented in the growth of the sports, while focusing on opportunities for athletes.

7A Cross Country:

Jonathan Gambrell, Hillgrove

I began my coaching career at Allatoona HS, helping with cross country and distance track. I am currently the Head Cross Country Coach and Assistant Track coach at Hillgrove HS where I have been for the past 6 years. Overall, this is my 10th year coaching. I am a certified USATF Level 3 coach in Endurance along with an IAAF Academy certified coach in endurance. In my time at Hillgrove we have achieved the following:

Cobb County Team Champions: Boys 2018, Girls 2019
Team Area Champions: Boys 2017 & 2018, Girls 2019
GHSA Team State Champions: Girls 2019

With regards to the GATFXCCA, my biggest goal would be to help move the sport of XC and Track forward in our state. I believe that as a State, Georgia is on the rise as we are seeing more of our athletes compete at a National level. I think this is a testament to the quality of coaches we have in the State and the quality of kids we have as well. I feel that Georgia is behind in some areas and my goal would be to work with the coaches association to help coaches voices be heard to move the sport forward. I believe we as coaches know what is best for our athletes and I would hope to represent the voices of the coaches in our state.

My staff and I are so thankful for the GATFXCCA. Together we are thrilled for all the progress being witnessed with this wonderful association. More importantly, it's such a great opportunity to see our coaching community work together, which includes time well spent as a core group at the annual clinic in January. In the past, I had the opportunity to be heard by the GISA at our summer clinic roundtables, which included the options of implementing new ideas and action plans. Moving forward, it's a true honor to now participate in GHSA, we are extremely thankful to see our student-athletes represent this association in our state. It would be an honor to serve important GATFXCCA roles in representing 1A Private. Overall my passion carries over strong concepts in building a solid team foundation, which takes place both on and off the track. I am interested in assisting the association in the same ways, representing 1A Private, playing key parts in representing our state each December at the annual USTFCCA Convention, and continuing to build strong relationships with our in-state university and college coaches.

GATFXCCA board member since 2015

Region 8A and Class A Athletic Director of the Year 2015

NMTCCCA President 1 yr (1999)

Section 6 T&F Coach of the Year 1997

NMHSCA and National Federation Interscholastic Association New Mexico Track and Field Coach of the Year 1997, 1995

The experience of coaching 35 years of track & field in two different states and 18 years of cross country coaching experience in GA, 13 years of directing the TFS athletic program, 29 years as a CSCS (certified strength and conditioning specialist with the National Strength & Conditioning Association), being a USATF instructor at various Level I schools, football and basketball coaching, and directing the NMTCCCA for one year, helps me to observe ideas and solutions from multiple points of view, to collaborate well with colleagues while seeing the big picture as well as an immediate need, and to further the association's mission to Represent, Advocate, Communicate, and Endorse excellence.

I hope to continue as a board member to help the GATFXCCA carry out its active RACE mission, to enhance our influence with the GHSA, to promote our association, to collaborate with peers for the betterment of our sports, and to specifically assist in the functional implementation of ideas - both old and new - to advance XC and T&F in GA.

JP Weaver, Trinity Christian School – see above

The following classifications are not up for election in 2020:

6A Cross Country:

Jimmy Sorrels, Carrollton (nomination to fill vacant seat)

My coaching career in public schools started in 1996 at Heard County High School. I moved to Hall County to work and coach at Davis Middle School. From 1999 to 2002, I coached middle school cross country, basketball, and track there. Then in 2002, Flowery Branch opened, and I was able to become the Head Cross Country Coach. In 2008, I took over the Head Track Coach job at Flowery Branch as well. In 2018, I spent one year at North Forsyth High School working as an assistant Cross-Country coach, assistant Basketball, and assistant Track Coach. In the spring of 2019, an opportunity opened for me to return home to Carrollton, Georgia. I am now the Head Cross Country Coach at Carrollton High School, assistant Basketball, and an assistant Track Coach

responsible for the distance program.

I've coached 17 teams to a Top 4 Finish (All State Trophies) in Cross Country and Track. This includes 5 State Team Runners' up and 4 State Championships. Also, regarding team performances, I've coached a combined total of 22 Region Team Championships in Boys' and Girls' Cross Country and Track and a combined total of 17 Region Team Runner-ups in Boys' and Girls' Cross country and Track. Some of the individuals that I've coached include 6 High School All-Americans, 20 individual Top Ten finishers in Cross Country (1 State Champion and 3 State Runner-up finishers), 13 individual State Track Champions and 2 runners-up, 43 top eight individual finishes at State Track Championships. In 2017, I received the Paul Koshewa Atlanta Track Club Award which recognized me for outstanding dedication to the sport of cross country.

I am seeking to be the 6A representative for GATFXCCA because I have been coaching long enough to witness some of the positive impact that our organization has made for our sports already in the State. I want to be a part of the continuation of progress for our sports. There is a lot of work still left to be done. I hope to see changes made in additional events being added to Track and Field on the State Level. I hope to see a workable cross-country schedule that favors the health of our athletes. I want to continue to look at the qualifying process of our athletes to State events. And of course, as additional concerns

continue to happen, I want to be a voice of reason and an advocate for what is best for the athletes in our sports.
