

Cleveland Barons/Barons Arena Tryouts Protocol 2021-2022

As we progress through the reopening of the arena and allowing Barons teams and outside rentals to return to play we are updating our current guidelines.

The safety and health of anyone that enters the rink is our top priority and along with our staff we are asking that everyone self evaluate before coming to the Arena. We ask that daily temperature checks are done prior to arrival. If anyone in your family is feeling ill or if there has been a possible exposure to COVID 19, we ask you to be overly cautious and stay home.

Hand sanitizer will be at the door and all participants, players, family members and spectators entering must use as they enter the building and will also get their temperature checked.

All participants entering the rink must wear masks as mandated by the State of Ohio or entry will not be permitted. They must be worn at all times while in the arena until helmets are put on to go on the ice.

For the first tryout ice sessions for each age group - Check in will begin 30 minutes before the scheduled ice time and we ask players do not come to the rink earlier than 30 minutes prior. All players must be pre-registered to enter. Players will receive an assigned jersey color, number and locker room. The assigned jersey will be in the locker room waiting for the players. This assigned seat and locker room will be utilized by that player for all tryout sessions.

There will be one (1) spectator allowed in the arena during tryouts.

Players may dress in the locker rooms and do not need to come fully dressed unless they choose to do so.

Players must exit the rink within 15 minutes of getting off the ice.

We are not allowing use of showers at this time.

All locker rooms will be sanitized after every use as will restrooms and common touched surfaces.

All are asked to bring their own water bottles and do not share with others along with their own lunch and a beach towel to sit as they will try to eat outdoors.

All participants must sign our COVID waiver - <https://forms.gle/m3tiohWrBYNJGEvt6>

This protocol and waiver link can also be found on our website at www.clebarons.com

Thank you
Cleveland Barons Staff
