## Tournament Rules of Play

### Round Robin

Play will have 3 periods of 15 minutes.

Penalty times are 2:00 (Minor), 5:00 (Major) and 10:00 (Misconduct)

Resurfacing Ice will be done at the end of each game.

Unless otherwise agreed to by the teams and the Tournament Director, the Home Team shall wear light/white jerseys and the Visiting Team shall wear dark/colored jerseys in all games. The maximum number of players, excluding goalkeepers, shall not exceed eighteen (18). It is highly recommended that all teams arrive with two goalkeepers. Any team that cannot satisfy this requirement must notify the Tournament Director prior to the start of the tournament. Zero Tolerance will be enforced by all on and off Ice Officials. After round robin play, the four teams with the highest standing will advance to the semi-final round.

### METHOD OF DETERMINING CHAMPION

**Youth and Girls/Women's Preliminary-Round Games – there will be no overtime for preliminary round games. Ties in standings will be determined by the following process**

If two or more teams have an equal number of points, their position in the standings shall be determined by the following tie-breaking rules listed below. If at any point during the application of the tie-breaking rules, any or all of the teams can be seeded higher or lower than the other teams, the seeded teams will be placed in their position in the standings and the tie-breaking process will begin at Step 1 for any teams that remain tied.

Note: If all tied teams have not played each other, the tie-breaking process will begin at Step 2. The tie-breaker rules are as follows:

- 1) The results of only the head-to-head games played between the tied teams in the following order:
  - a. Most points earned.
  - b. Most total wins (whether in regulation, overtime and shootout).
  - c. Most regulation wins.
  - d. Differential — Subtracting goals against from goals for in these games, the positions being determined in order of the greatest surplus.
  - e. Quotient — Dividing the goals for by the goals against in these games, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tie breaker is required, the teams shall be ranked high to low in descending order of “goals for.”
  - f. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.
- 2) If after applying the formulas of 1 a, b, c, d, e or f the tie still exists, the results of all the games played by the teams tied in the following order.
  - g. Most total wins (whether in regulation, overtime and shootout).
  - h. Most regulations wins.
  - i. Differential — Subtracting goals against from goals for in these games, the positions being determined in order of the greatest surplus.

- j. Quotient — Dividing the goals for by the goals against in these games, the positions being determined in order of the greatest quotient. A quotient involving dividing by zero (0) has higher standing than a quotient from dividing by any number other than zero. Where two or more teams have no goals against and the quotient tiebreaker is required, the teams shall be ranked high to low in descending order of “goals for.”
  - k. Most periods won — In the games played by each tied team, points will be awarded for each regulation period won (2 points) and for each regulation period tied (1 point). Positions shall be in the order of highest point total.
  - l. Quickest first goal — The team that scored the quickest goal in their preliminary round games shall be ranked highest.
- 3) If the above procedure does not break the tie, the teams shall use a shootout procedure as previously described.
- Note: A team may go into the tie-breaking process having defeated another of the tied teams and still not advance.
- Note: If a team forfeits any of its games, and becomes involved in any tie-breaking formula, the team that forfeited will not advance and all games played against the forfeiting team shall be recorded as 1-0 victories for all opposing teams.

### **Youth and Girls/Women’s Quarterfinal, Semifinal and Championship Games**

All Games Played to a Winner. If the game is tied following regulation play, one (1) 10 minute sudden-death overtime period shall be played. At the completion of the third period, the tied teams shall receive a two (2) minute rest period. Teams shall switch ends at the end of the third period. If the score is tied at the end of the sudden-death overtime period, there shall be a shootout. The winner of the shootout will be credited with one additional goal in the final score.

#### Shootout Procedures

The shootout will be conducted as follows:

- A shootout is defined as a player attempting to score a goal and the opposing goalkeeper attempting to stop the shooter from scoring the goal.
- The referee shall call the two captains to the referee’s crease to flip a coin to determine which team takes the first shot. The home team shall call the coin toss. The winner of the coin toss shall have the choice whether his/her team will shoot first or second.
- All goalkeepers and all players from both teams listed on the official game sheet shall be eligible to participate in the shootout.
- The goalkeepers will defend the net they were defending in the 3rd period.
- Any penalized player whose penalty had not been completed when the overtime period ended or who receives a penalty during a shootout procedure is not eligible to participate in any portion of the shootout procedure(s) and must remain in the penalty box.
- The shootout procedure shall begin with five (5) different individual shooters from each team taking alternate shots. The players do not need to be named beforehand.
- The goalkeepers from each team may be changed after each shot.
- The players of both teams will take the shots alternately until a decisive goal is scored. The remaining shots will not be taken.
- If after the shootout, the shootout score is still tied, there will be a sudden death shootout.

## Sudden-Death Shootout

The sudden-death shootout will be conducted as follows:

- A sudden-death shootout is defined as each team attempting a shot. Should one team be successful and the other team not, the successful team shall win the shootout.
- Teams will select their shooters to participate in any order in the sudden death shootout, whether or not they shot in the previous round. The last player in the first round of the shootout may be the first player in the sudden death shootout.
- Players in a sudden death shootout shall not be allowed to take another shot until four additional shooters have completed their attempts.
- All goalkeepers and all players from both teams listed on the official game sheet shall be eligible to participate in the shootout.
- Any penalized player whose penalty had not been completed when the overtime period ended or who receives a penalty during a shootout procedure is not eligible to participate in any portion of the shootout procedure(s) and must remain in the penalty box.
- The goalkeepers from each team may be changed after each shot.
- The official scorekeeper shall record all shots taken indicating the players, goalkeepers and goals scored.
