

# How to score games in SportsEngine

This instruction will guide coaches, managers and other team admins on how to update a game score in SportsEngine. RYFA expects all teams to post their scores for all games on the schedule as well as report scores to TCNFL. Scores can be updated easily with the app or with browser on the website page.

## [Entering a game score with the SportsEngine mobile app \(recommended\)](#)

1. Open the SportEngine app and go to your schedule.
  - a. You must be a team admin and logged in to have access to the scoring tools.
2. Go to the Schedule page.
3. Click on the game that has been played.
4. Click on the pencil icon at the top right to edit the game.
5. Toggle the game status to "FINAL" > enter the score > hit save.
6. See the screenshots below.

> Done <
