

## 2020-21 Wrestling Considerations

In support of the Guidance for Opening Up High School Athletics and Activities, the NFHS Wrestling Rules Committee offers this document for state associations to consider whether any possible rules could be altered for the 2020-21 season. The considerations outlined in this document are meant to decrease potential exposure to respiratory droplets by encouraging social distancing, limiting participation in administrative tasks to essential personnel and allowing for appropriate protective equipment.

Note: This is not an exhaustive list and there might be additional steps in each school, city, and state to help prevent the spread of virus. Even when taking all precautions, there will still be risk of transmitting illnesses. Everyone should stay vigilant about the health of members of their teams. Lastly, the situation with Covid-19 is rapidly changing. These considerations may quickly become outdated. Please keep up with the latest from the CDC and other health officials in your state.

### General Requirements/Considerations

1. Workouts/practices should be conducted in “pods” / “bubbles” of participants with same players working out together to limit overall exposure.
2. Vaccination for the flu is encouraged for players, coaches and officials.
3. Before, during and after the contest, players, coaches, and administration should wash and sanitize their hands as often as possible.
4. No out of state competition or teams traveling from out of state for competition, unless it is in a dual format and approved by the MHSAA Executive Director.
5. Always maintain social distancing of 6 feet while at the mat area when possible.
6. Everyone must have their own beverage container that is not shared. Safe handling practices should be adhered during hydration, which includes refilling, retrieval and identification of water source.
7. Time-outs (if applicable) may be extended to a maximum of two minutes in length for safe hydration practices. Social distancing requirements must always be followed.
8. Cloth facial coverings are required for all players, coaches and officials. Face Coverings do not have to be worn during play, but substitutes must wear masks when not competing or per specific MHSAA sport requirements. Face Coverings must be worn by players/coaches by rule, no matter the number of active COVID-19 cases in the county. ***MHSAA requires face coverings for coaches and for substitutes, players while participating do not have to wear face coverings. Facial coverings must be a single solid color and unadorned, except the mask can include the school logo/name and bear only a single manufacturer's logo/trademark/reference (partial or whole) that does exceed 2 ¼ square inches with no dimension exceeding 2 ¼ square inches.***
9. Gloves are permissible for all players, coaches and officials.
10. The wrestling mat must be cleaned and sanitized throughout the event.
11. Administrators must limit the number of non-essential personnel who are near the court/mat and pool area throughout the contest.
12. Attendance at MHSAA events is dependent on host site and local health department guidelines and restrictions.
13. A family's role in maintaining safety guidelines for themselves and others is very important. Make sure your child and immediate household members are free from illness before participating in

practice and competition (if there is doubt stay home). Provide personal items for your child and clearly label them.
