

All,

In light of the Governor's announcement last week, below is another update on our Winter/Spring Calendar for programs.

With youth sports being allowed to resume in-person practices (no games or events) starting Monday January 4, 2021, some of our programming will be re-starting. That current executive order ends Sunday January 10th upon which past that date, we will receive further information.

You can find more guidance and information from the Minnesota Department of Health and the updated Executive Order [HERE](#).

Please see below for information regarding Homegrown Academy, GNLL, and Minnesota Chill Programming.
