

We hope this E-Mail finds everyone safe and healthy. As we are all navigating these unprecedented times, we feel it is important to stay in touch regarding the upcoming travel season. There are many unknowns and scenarios that could play out, however we will in most cases be following the guidelines set forth by the Twin Cities Soccer League, laid out below. Their decisions are based on guidance provided by the CDC and other health organizations.

We encourage you to have your children utilize the training plans sent by Casey Holm, The HSA Director of Coaching. They are a great way to continue to get touches and stay fit. Hopefully it warms up quickly so we can get back outside soon.

Currently HSA is in a holding pattern until at least April 30. We are continuing to evaluate the River Town Classic and will communicate as decisions are made. Even though we cannot connect in person Hudson Soccer continues to review ways we can create the most developmentally appropriate and competitive teams. There are some great and exciting opportunities that are being finalized and we will be communicating them as the direction of the upcoming season becomes settled.

Message from Twin Cities Soccer Leagues

We hope you are well given the circumstances.

TCSL previously announced a tentative plan to clubs for addressing what likely will be an abbreviated season. Those parameters remain in effect today and have not changed.

If the season can kick-off around May 15, TCSL would maintain the existing schedule with the first two weeks of play rescheduled by teams.

If the season is delayed until June 1 or 15, TCSL would produce a new schedule with fewer matches, taking into consideration the number of weeks available. We would also evaluate whether we host the season-ending Championships (11U+) event or simply maximize the calendar to hold as many matches as possible.

If the season is delayed further than June 15, we will evaluate the feasibility of building a meaningful program this summer season.

TCSL events (Minnesota Cup, 9U/10U Festival and Summer Championships) remain on as scheduled at this time. Should these events not occur, we will provide a refund to registered teams.

While we could present options for every single contingency, our hope is to simplify messaging while not causing unnecessary work and stress for you during this period of uncertainty. With the passing of days and weeks ahead, our path will be defined by guidance from the various governmental authorities and from there, we will forge a direction to the best of our collective abilities.

Thank you for your support and certainly reach out with any questions.

Be well.
