

PSC Panama City Beach FC Pro Development Club

Why Use **PSC**?

Since 2002, PSC have organized over 125 professional team tours across 30 different countries in Europe and North America. We have provided tours for top level elite professional first teams such as Costa Rica National Team, Argentina Men's & Women's National Team, Venezuela Women's National Team, Valencia, Real Valladolid, Norwich City, OSG Nice, Marseille, Celta Vigo, AFC Bournemouth, Everton FC, Wolverhampton Wanderers, West Bromwich Albion, Swansea City and more.

During the last 15 years the company has placed over 775 North American based players professionally around the world through pro Combines and Showcases. With multiple placements in the EPL and MLS, PSC have established themselves in recent years as the leading force in placing players professionally across Europe and USA and the most successful and consistent professional pathway in North America for aspiring soccer players.

The vast experience of our professional staff placing players from North America into professional teams worldwide is unmatched and we are by far the leaders in the industry in what we do. Our extensive network, quality of staff and the care we provide to every player within our program is why players use PSC to start their professional journey.

PSC FC Florida

Aims?

Our aim is to give players the opportunity to play and train in an elite environment over an extended period of time with a view to developing, showcasing and generating professional opportunities if players perform at a high enough level on a consistent basis. The program aims to provide a holistic approach to soccer training – offering technical, tactical, mental and physical career guidance and development. Playing regularly in a competitive games and receiving the day-to-day training from PSC’s elite staff, agency and special guest coaches, players will enjoy a significant amount of exposure to professional clubs worldwide as well as through the PSC Combine events held in Florida and Georgia that are part of the program costs.

Our 3 month pro development program is vital in helping players that don’t receive direct professional offers from our tryouts to keep fit and play on a regular basis with our elite team and agency staff. Professional offers can be generated at any time of the year so players must always keep in top shape and condition so they can perform highly if and when a trial opportunity is generated (we have seen many players attend trials not prepared and lose an opportunity as a result).

The program is also aimed at college players in their off season, developing players who been overlooked or current and former pros who need a second chance to try and get back into the professional game. PSC Panama City Beach will play in the The League for Clubs and competitive friendly games against USL sides.

Why join the team?

- **Proven Pathway:** Over 775 players placed professionally through PSC in the last 15 years from North America. **USA's Most Successful company!**

The League For Clubs

<https://www.theleaguefc.com/blog-posts/psc-panama-beach-city-fc-joins-tlfc-in-2026> (TLFC Press Release)

PSC Panama City Beach FC is proud to announce that the club will be joining The League for Clubs for the 2026 season and beyond in the Gulf Coast region. TLFC is a national pre professional league aimed at developing players and giving them a platform to play competitive soccer during the summer months. PSC will be competing weekly against clubs from Florida, Mississippi, Alabama, Louisiana and Georgia with the goal to reach the National finals at the end of July. Other conferences include Northern California, Colorado, Texas, North East and the Midwest. "We are delighted to be joining TLFC for the 2026 season to offer our players a competitive league to play in each week and will be looking forward to hosting different teams from across the south in Panama City Beach this summer. Our roster will include players from around the USA and Europe as well as the top local talent that are looking for a professional environment and pro pathway. We have a top class facility and environment for our players to be based from May to the end of July, professional guest coaches of the highest level from around the world and now a competitive league for our players to compete in. Hopefully it will give local soccer fans the chance to see some exciting games in Panama City Beach this summer." Said PSC USA Director, Tom Taylor.

FAQ'S & Information

Expectations & Aims

- The aim of the program is to place players in a professional environment and provide them with elite football training and life experiences. It is also essential for PSC agency staff to evaluate if the players on the program can perform at a high level and prove that they have the ability to earn a contract or further trial with a professional club. On a longer term program we also get to gauge a very strong idea on a players mentality, adaptability, work ethic and how they interact with fellow teammates and coaching staff. As a company we will only recommend players that we feel comfortable are at the desired level on the field **and off it!**

If PSC see enough talent and potential in a player then they will look to find a suitable level for the player even if none of the attending clubs / coaches offer a contract to the player. Nothing is guaranteed and players will be expected to perform at a high level consistently if they are expecting to earn a contract or extended trial with a club.

In the past we have had many successful academy players that have gone onto earn contracts through attending clubs and agency staff recommendations. **Only players who have performed well and prove they are capable of playing professionally will be recommended to clubs.**

FAQ'S & Information

PSC PCB FC is a Club Aimed at Player Development and Exposure

Throughout the company's time in North America we have seen the growth of soccer in the United States but it is still a long way behind Europe in regards to player development and league structure. England (the size of Florida) as a primary example has tiers 1-5 consisting of approximately 115 full-time professional clubs with tiers 6&7 also offering a high level of player and competitive wages for the players. Florida has 2 Major League Soccer teams and 5 USL / MLS Next teams. Therefore professional opportunities are often very limited for talent in the region. The same can be said within other States in the country.

Below the USL Championship, MLS Next Pro and League One there is a variety of different leagues and options for players to compete in with levels of play and season length varying by region. Very few clubs actually offer a real and successful pathway to any professional team (even if many clubs compete at a high level and standard). PSC FC is unique due to its extensive worldwide network and the ability to place players and the unrivalled success it has shown getting North American players signed in the pro game since 2010.

We have created many avenues and opportunities in lots of different countries and levels for our top performing players to start their professional careers in places such as Sweden, Finland, Estonia, Malta, Ireland, Iceland, Malta and more. These countries allow players to sign professional contracts, get paid and a route into the game. Often many players just need a start in order to build a successful career in soccer.

FAQ'S & Information

What is the standard like?

- PSC will be competing against clubs in TLFC as well as other competitive matches against local clubs from the USL 2 and Championship. We will be aiming to test our players against a mixture of opponents in order to gauge their level of play and give them different tests throughout the season.

What Happens if I get an offer?

- Any offer for a player through program will be negotiated by PSC Management. If you are currently signed with an agent please let us know before you register for the program. PSC will work directly with any club that has interest for a player from our program or showcase. PSC will discuss any contract offer on behalf of the player and will look to find the best terms and deal for the showcasing player. We offer players realistic feedback at the end of the program and players will have to compete at a high level if they are looking to get placed with a club at any level in any country.

Away Travel

TLFC League Games:

- Transport will be arranged via minivans or gas money will be provided for players using their cars to travel to away league games and Exhibitions. This will be arranged in advance via the PSC staff.

Transport:

- Players will be responsible for their own transport during their time in Panama City Beach. Current team housing is 1.7 miles away from the Publix Sports Complex for players that do not have their own transport.

National Finals or Southern Regional Finals:

- If the team makes the National Finals or travel to Texas for the Southern Finals then PSC will provide housing for the players in the travelling squad for these trips.

PLAYER TESTIMONIALS

Gary Cennerazzo:

Signed in CZ Republic, USA & Sweden from PSC Tours

"It was surreal as I had to phone my parents and explain that I wouldn't be back for three months. I had never done anything of this kind, but I am glad I did it with PSC. Trust me, please, it's worth it. It's an amazing opportunity and I am very thankful to PSC, Tom and Simon [PSC Directors] for making it happen."

** Gary signed 3 professional contracts through PSC in the years following the 3 tours*

Eddy Prugh:

Signed with Bodens BK (Sweden)

"After I graduated from college, I had zero options to continue my career. It's not as if you can just call a team and ask for a trial, so I turned to PSC to help me find a club. They were honest and direct from the very beginning. Both the combines and the Sweden Showcase Tour which I attended were well organized and gave me the chance to sign a professional contract. Working with PSC turned out to be one of the best decisions I've made in my career."

** Eddy signed 4 professional contracts through PSC in the years following the tour in Sweden and USA*

Willie Clemons:

Signed with Bodens BK (Sweden)

"I'd definitely recommend [the Showcase Tours]. They get you in front of a lot of high-quality opposition and high-quality coaches – I think it's a great place to jump-start your career."

** Signed with Bodens BK and in the Superettan after impressing in PSC's Latvia tour*

COACH TESTIMONIALS

Danny Stone:

**Orange County SC, Head Coach
(USL Championship)**

"When I attend PSC events it's always an excellent standard and I recommend them to any players that are serious about looking for an opportunity to develop their careers and give themselves a chance to be seen for the professional level. The guys do a great job of giving players feedback and running a professional event."

Colin Falvey:

**Northern Colorado Hailstorm,
First Team Coach
(NISA)**

"I've been attending PSC events for a number of years now for different clubs in the USL Championship and now Northern Colorado Hailstorm and there is always something that catches your eye at the combines. This season we have signed 3 players from the PSC winter combines. "

Christian Samuelsson:

**IFK Lulea, Sporting Director
(Sweden)**

"Over the last 10 years we have had great success signing players from PSC that have had a major impact at our club and have gone on to have strong careers in the professional game. I trust the judgement of Tom, Mark and Simon when they recommend a player for our team. During 2024 both PSC players have now moved on and progressed to the Irish Premier League after success in Boden."
