

Sports fees are non-refundable but... LIFE IS UNPREDICTABLE!

Get Sports Fee Insurance.

In the event of the unexpected, USSCI will refund your sports fees or pay your unpaid obligations to the sports club. In select sports, whether you pay in-full, upfront or over time with an installment plan, parents' financial obligation to the club is for the full sports fee as stated in the team contract. The club cannot refund sports fees or waive unpaid obligations when athletes are forced to withdraw from the program before the season ends, doing so could have an incredibly negative impact on the team and club operations.

Sports Fee Insurance benefits parents AND club owners. It gives parents confidence to sign non-refundable sports fee contracts knowing they can protect their financial investment. It gives club owners an opportunity to offer a way for parents to recover their sports fees in the event of the unexpected.
