

## **Rob Himberg**

Rob graduated in 2002 from Norwell High School, where he still holds the boys' hockey points record with 196 points during his four years as a varsity ice hockey player.

He continued to a post-grad year at The Winchendon School, after which he attended Norwich University in Northfield, Vermont and played for the Cadets from 2004-2005. After college, Rob began coaching as an assistant with his former high school team at Norwell High. In 2009, he signed a pro contract in the FED, but decided to stay home and coach for Lovell's Hockey Schools and the Boston Advantage Hockey Club.

During his 12+ years at Lovell Hockey, Rob has worked with many age groups. Rob was first hired by Lovell Hockey as a skills instructor and the primary coach of the Boston Advantage U14 boys' program. In 2013, Rob took over as the Director of Hockey Operations for the Middlesex Icemen program out of East Boston, and in 2014 he took on the head coaching role for the Boston Advantage U16 Full Season Midget team. Rob was promoted in 2016 to Lead Instructor for Lovell's Hockey Schools. He has worked with the Mite Development program every year, and during the past 3 years, he has run skills for the Boston Advantage girls' program and coached both the U14 Girls Full Season and U16 Girls Split Season teams.

Please join us in congratulating Rob on his recent promotion to Director of the Boston Advantage Girls Program!
