President:

Season lesson learned – what went well, what didn't go well, ideas for next season

What went well:

- Concessions ran well, nice to have 2 coordinators to run concessions due to schedules.
- Communication between board members was very good. We also felt overall communications to families ran smoothly.
- Pancake breakfast went well. Idea to start later in the morning and promote better to the community.

Struggles:

- DIBS, finding a way to restructure and maybe cut out certain volunteer slots like concessions if we cannot fill with volunteers.
- Potentially not do concessions in 2024 or only certain games such as sections.
- Coach mentioned the need to find a better way to communicate with soccer alumni for the alumni game. Potentially create a booster/alumni Instagram account to keep in contact with recent players.
- For ball chasers there was an idea to go back to treat bags vs a concession meal.

Communications:

- Jessie will put out a message reminding families to download any pictures before the end of the month. We will then drop our account to free.

Concessions:

- Ali is wanting to move out of the concession role and suggests having 2 people running concessions next year. Suggested rotating concession duties between board members.

President:

Next meeting is February 12th to vote in booster members or switch roles between current members.
