

# NORTH VS. SOUTH

December 2, 2018

## Welcome to the Sanford Sports Complex!

It's our sixth year of operation and it looks like our theme for the year will be growth.

In March, the Pentagon hosted 59 postseason college basketball games.

Among those were three national championships – the first ever combined NCAA Division II men's and women's Elite Eight, as well as the NAIA Division II men's championship. The NAIA then honored the Sanford Sports Complex with its annual Best NAIA Championship Venue Award. The award is a testament to the facility and our incredible staff that make it come to life.

This spring ushered in several big announcements about new additions coming to the Complex.

The Summit League announced the relocation of its headquarters to Sioux Falls, a more centralized location within the organization's footprint. We are proud to welcome them to Sioux Falls.

Will's Training Table is undergoing an extensive remodel this year. When it reopens in February the destination restaurant and bar will have more than doubled in size.

The Complex is a hub of activity, and that will only continue with the addition of a 180,000-square-foot Mills Fleet Farm store and Great Shots, a new golf entertainment facility. We hope you have a chance to enjoy both with the whole family.

We're pleased to have you here, and invite you to reach out to one of our staff members if there's anything we can do to enhance your experience. We consider ourselves lucky to be at the center of so much exciting change in the region.

Warm regards,

**Kevin Lampe**
