<p><b>HS Alternative Program</b> (Offered to 2007's -2003's) U15-U19</p>	<p>This program gives an alternative option to playing for your High School program (Boys=Fall &amp; Girls=Spring)</p> <p>Provides 4 trainings per week: league play and one tournament; Goalkeeper trainings 2x per week.</p>
<p><b>Roadrunner University</b> (Offered to 2015's -2017's) U5-U7</p>	<p>Provides 2 trainings a week (fall and spring) (1 in indoor) and 1 day of interleague games. RRU is a way to start players out early in learning the basic foot skills/soccer knowledge along with getting players used to being part of a proper training session. Since we began, the fruits of our efforts have paid off tenfold. There are MANY players that began playing in our developmental program that are visibly further ahead than most of the players coming directly from rec. soccer.</p>

Roadrunner SC offers different programs because we have different players and families with different 'appetites'. As is true in any learning/teaching institution, a truly progressive organization must be able to tailor their offerings to accommodate varying levels of commitment, desires and ability. We do not put players on inappropriate teams.

Please understand that these offers are NOT exclusively based on ability, but as importantly, on level of commitment and desire. Ability is not the whole equation. It is a combination of all three of these traits (commitment-desire-ability) that will ultimately impact long term development. Our "open training policy" allows players to make up a session when conflicts arise. Players and their staff coach identify another appropriate training to attend.
