

March 12, 2020

Hello everyone,

All fields are closed today due to weather.

There have been many asking about how the league will handle the COVID-19 outbreak. Please read below.

Like many of you, we are aware of the current coronavirus (COVID-19) outbreak and are actively monitoring the status and developments. As the situation evolves, our priority remains the health and wellbeing of our players, staff and families. Although we are not currently aware of anyone affiliated with LBYSO being exposed to COVID-19, we sympathize with all who have been directly impacted by the virus.

As of this time all games are still scheduled until further notice. The rain today will provide a break to reach a firm decision regarding this weekend and future activities. Rest assured that we will alter schedules as needed as the situation evolves and issue additional updates.

LBYSO will monitor recommendations by the Long Beach Health Department and Cal South and respond to any health or safety issue that may impact us based on the recommendations of those organizations. Our goal is to ensure all players, staff and families take the proper precautions to prevent exposure and the spread of the virus.

In addition to encouraging our players, staff and families to monitor their health conditions closely, we are requiring those involved with LBYSO who have traveled to high-risk areas to refrain from attending games and practices for 14 days following their return or potential exposure, and remain symptom-free before returning to any event

We will remain vigilant in monitoring the status of all illnesses that could present a threat to our players, staff and families. We appreciate your patience in this unfamiliar time and extend our sympathies and well wishes to those individuals who have been impacted.

Another update will be issued in the next 24 hours.

For information or any safety questions, please reach out to the City of Long Beach Department of Health and Human Services at <http://www.longbeach.gov/health/> or by calling 562-570-7907.
