

Dear ASHA Board Members:

This e.mail will serve as my July 2018 report to the AHSA Board. My apologies for not being at Saturday's meeting, I am out of state.

I do not have a numbers report to provide as the 2018.19 Season USA Hockey Portal has not yet been released to the registrars. It will be coming out sometime this month, and training on what is new will be provided to all the local program association registrars.

Some of you are likely aware that I am retiring from my role as USA Hockey's Associate Registrar for Alaska. I'm very happy to say that Anna Culley will be replacing me, who I believe will do a phenomenal job in this role. I will be working with Anna through the 2018.19 season to ensure that this change is smooth and seamless for all.

The following individuals received temporary coaching cards for the 2017.18 season. This means, in accordance with item 4.3.5 of the 2017.18 ASHA Handbook, that these individuals are not eligible to participate in the 2018.19 Season in ANY USA HOCKEY COACHING ROLE - on ice, on the bench, in the locker room, dryland, - until they update their CEP. They do not get the luxury of the grace period of up to December 31, 2018; they gave that up when they accepted their *once in a lifetime temporary card*.

Please provide this information to your program's coaching coordinator. You can reach out to CIC Trupp to find out when the coaching clinics will be offered. This information is also being provided to all the local program association registrars so they are aware that these individuals can not be placed on a 1T Roster until their CEP is current for the 2018.19 season.

Beyond that, I wish everyone a fabulous hockey season and I will see you around the rinks!!
