March 12, 2020

Tecumseh Soccer Club Families, Volunteers, Staff and Soccer Community:

We are writing to provide you with an update on our response to the Coronavirus (COVID-19) worldwide pandemic. Tecumseh Soccer Club Leadership has been carefully following the course of the coronavirus outbreak and response of like-minded organizations. We believe it is essential to be pro-active with preventative measures, preserving health and wellness for our membership and community as a whole.

At this time, there are no known or suspected cases of COVID-19, nor anyone with symptoms from any of our club members. However, based on the information and circumstances surrounding our community, the Board of Directors and our Technical Staff have made the decision to suspend all soccer related activities; (TSC youth academy, technical training, team training, competitive and exhibition games, strength and conditioning and all other TSC events) immediately beginning March 12, 2020 through March 20, 2020.

We will use this time to further investigate and educate ourselves on the potential risks associated with coronavirus in our community. We will seek input and take lead from our National and Provincial governments as well as our governing bodies in Ontario and Canada Soccer. During this period, Tecumseh Soccer BoD and Technical Staff are still available to answer any questions or concerns.

Please feel free to contact us directly via e-mail: Admin@TecumsehSoccerClub.com

Tecumseh Soccer has not taken this decision lightly. When faced with unknown circumstances, it is crucial that we find strength in our core values, our priorities and our responsibility to preserve a safe and secure environment for every one in our care. We believe our actions demonstrate and align with the values you believe in and the standard you expect from TSC.

We appreciate your patience, cooperation and diligence throughout this process. We all can do our part in stopping the spread under these very unfortunate circumstances.

Sincerely,

Tecumseh SC

**** TSC Coaches and Staff will be working immediately to produce e-learning style opportunities to explore soccer skills at home during this time. We are aware that as the month grows longer, children will become more and more energetic at home. Hopefully our Tecumseh SC #StayAtHome soccer lessons will keep them occupied and exploring their soccer skills in the safety of their own home. Thank you!*
